GROWING TOGETHER.**

ANNUAL REPORT 2014-15

PROTECTING LIVES. ENABLING DREAMS. GROWING TOGETHER.

Life Insurance is about providing financial protection against an unforeseen event and building long term savings. Trust assumes great significance when we have to deliver this. The faith reposed in us by our customers has enabled us to achieve significant milestones and is reflected in the quantum of assets under management of ₹ 1 trillion – a first for any private life insurer in the country and a sum assured of ₹ 3 trillion. Our success lies in the well-being and betterment of our customers as they plan their financial goals to secure the lives of their loved ones. Superior quality products relevant to customer needs, best in class customer service, a hassle free on-boarding and claims settlement process and consistent superior risk adjusted returns have enabled us to deliver value to all stakeholders. All this has been possible on the back of a robust technology platform.

Our strategy of providing value to customers is yielding the desired results. Our message of life insurance being a long term product has been having the required effect, and today customers view life insurance with a long term lens. The increase in renewal premium is proof of this. Today's discerning customers have begun to appreciate the proposition offered by life insurance – financial protection and long term savings. This has translated into growth in new business premium.

There are certain numbers which speak for themselves – claims settlement ratio is one such number. For three years in a row the Company has consistently maintained one of the highest claims settlement ratio amongst private players. The turnaround time taken to settle claims is one of the lowest in the industry. ICICI Prudential Life makes claims settlement payouts with the same enthusiasm with which it welcomes a new business or renewal premium payment. We believe that we are one of the fastest to settle genuine claims.

Our ability to provide superior risk adjusted returns to our customers, so as to enable them to fulfill their financial aspirations, is what makes our bond with them even stronger. 98% of our funds have outperformed their respective benchmarks since inception.

The Grievance ratio is an indicator of the level of customer service provided by a company. At ICICI Prudential Life, we are determined to ensure that customers' needs are fulfilled with the products and services we offer. For FY2015 the Grievance Ratio has significantly come down to 185 from 253 in FY2014 per 10,000 new business policies and is one of the best in the Indian life insurance industry.

ICICI PRUDENTIAL LIFE AT A GLANCE

ICICI Prudential Life Insurance Company Limited (ICICI Prudential Life) is a joint venture between ICICI Bank, India’s largest private sector bank and Prudential plc, a leading international financial services group headquartered in the United Kingdom. ICICI Bank and Prudential plc hold 74% and 26% stakes respectively in the company.

ICICI Prudential Life, which began its operations in December 2000, has become the first private life insurer to achieve assets under management (AUM) of ₹ 1 trillion. During FY2015, the sum assured by the company also crossed the ₹ 3 trillion milestone. ICICI Prudential Life has maintained its leading position on retail weighted received premium basis (RWRP) among private life insurers in the country with an array of products that match the different life stage requirements of customers and enables them to achieve their long term financial goals. Improvement in persistency from 71.5% in FY2014 to 79.0% in FY2015 and 18.2% growth in retail renewal premium during FY2015 is indicative of the increased trust our customers have reposed in us.

MESSAGE FROM THE CHAIRPERSON

The insurance sector will be a key beneficiary of the positive trends in the economy. The existing under-penetration of the insurance sector itself provides substantial headroom for future growth.

Chanda Kochhar
Chairperson

DEAR SHAREHOLDERS,

The Indian economy is showing great promise, on the back of its inherent fundamental growth drivers and the reform-oriented policies of the government, along with declining oil prices and moderation in inflation. In the insurance sector, a key development in fiscal 2015 was the passage of the Insurance Bill. The passage of this important legislation reflects the commitment of the government to bring in a larger section of the population into the financial system as well as attract long term global capital to accelerate economic growth.

The insurance sector will be a key beneficiary of the positive trends in the economy. The existing under-penetration of the insurance sector itself provides substantial headroom for future growth. This will be further boosted by India's demographic advantage and the rising disposable income of the population, which are creating a demand for both protection from risks and long term savings. In addition, enhanced financial awareness and the increasingly convenient access to financial products would drive growth in the insurance sector.

To enhance insurance density and penetration across different customer segments, the industry requires a sustainable and profitable model for

growth. At ICICI Prudential Life, we have always strived to understand customer requirements and deliver products and services as per the needs and convenience of our customers. We are focusing on leveraging technology to deliver our products and services in an efficient manner. This is complemented by a focus on continuously enhancing our expertise in product design and risk management. The customer focus, dynamism of the team, extensive use of technology, strong distribution channels and comprehensive product portfolio are the company's key strengths.

We will continue to strive to set higher benchmarks of performance and strengthen our engagement with our stakeholders. It is our belief that ICICI Prudential Life is well-placed to capitalise on the emerging opportunities to build a strong and sustainable business on the foundation of enduring stakeholder trust.

MESSAGE FROM THE CHIEF EXECUTIVE, PRUDENTIAL CORPORATION ASIA

At times the macro-economic environment can be challenging, but we remain focused on the long term and firmly believe in the long term potential of Asia's growing middle classes.

Barry Stowe
Chief Executive, Prudential Corporation Asia

DEAR SHAREHOLDERS,

Prudential plc is one of the world's leading providers of savings and financial protection solutions to families.

In Asia we have a number of market leading positions and our success is driven by a thorough understanding of the opportunities in these markets and then remaining steadfast in our commitments to deliver long term value to our customers, distributors, shareholders and communities. Our objective is to do well by doing good.

At times the macro-economic environment can be challenging, but we remain focused on the long term and firmly believe in the long-term potential of Asia's growing middle classes.

I am very pleased that our joint venture, ICICI Prudential Life, continues to have a leading position in the market and I congratulate the team on delivering another set of excellent results across all metrics.

MESSAGE FROM THE MANAGING DIRECTOR AND CEO

As a company we have crossed two milestones, ₹ 1 trillion AUM, the first for any private life insurer in India, secondly we now have a total sum assured of ₹ 3 trillion.

Sandeep Bakhshi
Managing Director and CEO

DEAR SHAREHOLDERS,

The Environment

During the last year we have witnessed some significant changes taking place in our country which have had a positive impact on the economy. To begin with, we have a central government with a strong mandate, the overall macro-economic environment is positive and seems to be changing for the better with a focus on economic development and stability. The other big positive is the passage of the Insurance Bill amongst other legislations. It indicates the commitment of the government to push the economic revival agenda forward. As the Indian insurance industry expands there will be a need for additional capital to build scale and increased FDI limit will be of great help.

This positive economic environment bodes well for the financial services sector, a revival in the household savings rate has brought about a definite impact on the contribution towards financial savings. A growth oriented environment is nudging Indians to actively pursue financial asset classes.

Life Insurance is a critical area when it comes to financial savings – it provides the benefit of financial protection while facilitating building a corpus over the long term. For an emerging economy such as ours' financial protection assumes greater significance. A look at the percentage of protection to GDP of India, in comparison to that of other developing countries will show that we have to work towards bridging the existing gap.

We believe that the demand for life insurance will increase as the financial savings and per capita income in the country rises.

The regulatory environment has been a catalyst of sorts for improving efficiencies, providing superior quality products and services. This falls in perfect sync with our motto of offering the best value to our customers. Another big initiative rolled out was dematerialisation facility in the form of electronic Insurance Accounts (eIAs). This is a big step towards making life insurance a digital product and only means that the future of the business will be more organised and spell convenience for policyholders. This will facilitate building a central repository of KYC for the life insurance industry, further smoothening the on-boarding of and claim settlement for customers. The challenges involved with maintaining physical policy documents will be a thing of the past.

What did we do differently

As a company we focused on protection as a critical element of our business and leveraged technology to reach out to locations where physical presence is a challenge. The effort has been to challenge status quo.

We at ICICI Prudential Life believe the best way to face a dynamic business environment is to keep reinventing ourselves and embracing technology

and innovation as partners. We have successfully deployed technology to not only simplify and usher in efficiencies in the sales, customer service and claims settlement process but to also ensure increased productivity of the distribution network. Technology facilitates transparency and efficient delivery of products and services – it has become an integral part of our organisation. More importantly, it provides convenience and empowers customers to make informed decisions.

We have been able to better steer our agenda of efficiency and persistency due to the robust technology solutions and an employee force that is committed to providing the best service to customers and ensuring the fruition of their financial aspirations.

The improvement in overall financial metrics of the organisation is the outcome of the efforts that have been put into the business, and yes, it has been facilitated by technology. Technology has aided us to successfully navigate the challenging business environment and deliver a compelling proposition to customers who look up to us to achieve their financial goals.

The focus on being customer centric, we believe, is mirrored by the trust reposed in us by our policyholders by way of the assets under management. As a company we have crossed two milestones, ₹ 1 trillion AUM, the first for any private life insurer in India, secondly we now have a total sum assured of ₹ 3 trillion. We would like to attribute this achievement to our commitment to policyholders for Protecting Lives, Enabling Dreams and Growing Together with them.

Pillars of Success

One of the greatest strengths that an organisation can have is the human capital. Encouraging employees to innovate, think-out-of-the-box, challenge conventions and push boundaries while not letting hierarchy interfere with capability, has been a constant effort. At ICICI Prudential Life, the employees have a passion for learning and adapting to changes. Agility and humility are two great strengths when it comes to people and we believe that inculcating these two qualities will enable the Company to achieve great success. The pillars of our success are the trust of our customers, commitment of our employees and the support from our shareholders. Life insurance is a long term business and a dynamic one, it is important that we remain nimble and malleable to the vibrant economic environment.

The year gone by has been very exciting and enriching for us and we would like to thank our policyholders for having faith in us, our employees for being dedicated and committed and our shareholders for supporting and believing in us. We will continue to strive to do all we can to build on this trust and deliver value to all stakeholders.

BUILDING TRUST WITH CUSTOMERS

When we commit to provide protection to our policyholders, in a way, we take responsibility to financially secure their loved ones. For a decade and a half we have catered to the needs of financial protection of customers across various strata of society. Our approach has been that of offering life insurance products which are relevant to the needs of customers. A diverse product portfolio, transparency, a customer first approach, hassle free claims settlement, delivering consistent returns have enabled us to fortify the trust with our customers and the endeavour is to further strengthen it.

Customised protection on click

Our sales strategy is to understand the needs of customers, on the basis of various parameters such as current income, long term goals, liabilities, life stage etc., and offer products which will enable them to achieve their financial goals. More importantly, it builds awareness amongst customers on the need to have a disciplined approach to building a savings pool while providing protection. The underwriting, KYC validation and policy decision is virtually real-time. The digital platform has ironed out legacy challenges faced by customers while purchasing life insurance. All this has been possible due to the adoption of technology and simplifying the process. We will continue to build on the digital platform to deliver better value to our customers.

Our focus on technology has simplified the customer on-boarding process. As a result for FY2015 (shown in numbers below):

Products to meet changing individual needs

The need for protection and financial security changes with changing life stages. Our product portfolio is developed on the basis of research and regular engagement with consumers and policyholders. For customers, who want to benefit from exposure to capital markets, we have a suite of unit linked insurance plans (ULIPs). Customers with a low risk profile can choose endowment or traditional products which provide regular income. It has been our endeavour to offer the best products to our customers; product innovation therefore assumes greater significance. To keep pace with the changing needs of customers we introduced an innovative product – ICICI Pru Smart Life. This product provides the sum assured to the nominee on death of the policyholder. Importantly, on maturity the fund value is given to the nominee. Effectively, it enables the family or dependants to tide over the immediate crisis as well does not jeopardise their long term financial goals.

Customer Testimonials

// In 2008 I was looking out for a product to give protection and create wealth for my daughter. I had my reservations on a market linked product and was apprehensive of the vagaries of the market.

This is when I came across Sitalakshmi. She was extremely knowledgeable on market investments and comprehensively convinced me to choose ICICI Pru Smart Kid. Generally people tend to vanish after the client invests in a product. Here was a different person who would periodically update me on the product and benefits of staying invested. She also advised on how to use the market troughs for topping up. The benefits are here to be seen today by way of excellent growth of my investment.

I also would like to appreciate your web interface which is extremely user friendly. And you people have always strived to be up to date, be it in technology or products or service!

Happy to be associated with you! //

Mr. Ashwin Kumar, Policy No. 07732104 (Hyderabad)

// I must put on record my true appreciation for your kind efforts to keep in touch, regular follow-up, and your various calls to my overseas number. I am very impressed with your strong and honest advice to me.

I must admit that it was your kindly coming over to visit me that made me renew the policy, for which I had decided to stop paying any further premium. But you did convince me, that it is in my own interest and it makes a good financial decision to continue the same and I immediately offered my cheque for that.

I also was very impressed for kindly remembering the birth date of my daughter and wishing her.

My best wishes to you Ms. Kirti for you to continue to your clients with your genuine approach and good follow-up. //

BUILDING TRUST WITH CUSTOMERS (CONTD.)

E-KYC – documentation a thing of the past

Technology has been the enabler for us to deliver superior service to customers to further strengthen the trust they have reposed in the Company.

Through e-KYC we have been able to provide customers with a hassle free onboarding experience and virtually eliminate paperwork. The success of this process is reflected in the reduction in policy issuance time. More importantly, this process delights customers as it is convenient and rationalises their time.

As a result of using the digital platform, the degree of engagement and interaction level with the customers has grown significantly. Further, it has improved the efficiency levels of our distribution network on parameters of customer service and productivity.

Greater transparency

The bedrock of a relationship is trust. Our digital platform, facilitates building trust with customers from the initial interaction by providing a transparent sales process. The importance of the Welcome Kit cannot be undermined, the key features document provides all relevant information to the customer – nothing is more valuable than an informed customer. Important information on contact and claim care points along with customer service related information is contained therein. To ensure that customers can retrieve information anytime we provide e-welcome kits.

Achieving assets under management of ₹ 1 trillion and sum assured of ₹ 3 trillion

Having started operations in December 2000, the AUM garnered for the year ending March 31, 2001, was a little over ₹ 1 billion. The journey over the last fourteen years since then, to ₹ 1 trillion has been an exciting one – of protecting lives, enabling dreams and growing together. It is our goal to reach out to more and more people across the country, securing lives, which has enabled us to reach a total sum assured of ₹ 3 trillion. We believe, India as a country has tremendous untapped potential when it comes to life insurance. For any country, the sum assured to GDP ratio is an important indicator of the level of insurance penetration. A glance at this parameter will tell you that India (44%) lags far behind other countries like Japan (260%), the United States (270%), Malaysia (149%)*, etc. The efforts are ongoing and we want to keep building on this number.

Our retail renewal premium has grown by 18% from ₹ 81.00 billion to ₹ 95.71 billion in the last fiscal. Persistency has improved to 79% in FY2015 while the grievance ratio# for FY2015 stood at 185 compared to 253 for FY2014.

*As per Mckinsey analysis

Technology at the forefront for claim settlement

We consider our claims settlement process to be one of the service differentiators. The endeavour is to ensure that claims are settled in a hassle-free and time bound manner. A sale effected on the basis of matching products to needs of customers ensures a satisfied customer for the long term. This effectively translates into reduced turnaround time at the time of claim settlement. Apart from a 24x7 claim care call centre, the digital platform provides convenience as nominees can raise a claim from the comfort of their homes. For the last three years we have consistently maintained a high claims settlement ratio. The below graph gives the claim settlement ratio since FY2013. The total quantum of claims settled in FY2015 is ₹ 123.64 billion.

● For a life insurance company, AUM is a reflection of customer's trust and the expertise of the investment team. Having grown significantly with time, our AUM crossed the ₹ 1 trillion mark in February 2015 making ICICI Prudential Life the first life insurance company in the private life insurance space to cross this milestone. ● Our total sum assured of ₹ 3 trillion stands for our commitment to securing more and more lives. ●

Claimant Testimonials

// I am extremely delighted with such a positive experience in claim settlement. The claim was settled within a short span of time and the experience – right from the filing the claim to reimbursement was wonderful.

All the documents required for submitting the claim were clearly indicated at the initial stage itself. There was no need for a second call for any more clarification. The effort displayed by the claim settlement team was truly amazing. I thank the ICICI Prudential Life team (claims department) for settling the claim in such a timely fashion. I hope to continue my relationship with ICICI Prudential Life. //

Kumar Manikantan, Policy No. 00472540 (Bangalore)

// This is my first experience with ICICI Prudential Life. The employees in the office were very co-operative and helpful in guiding us through the claims process. The claims team has displayed a very considerate approach by updating us about the progress of the claim regularly, despite their busy schedule. This is a rare experience. The policy nominee has already received the benefit due on one policy. I am looking forward to the second policy benefit being settled in a manner as smooth as the first one. We offer our gratitude to ICICI Prudential Life. //

BUILDING A COMPANY OF LEADERS THROUGH TRUST AND EMPOWERMENT

People are at the heart of a life insurance business. And it is our people who give us the edge in creating value for our stakeholders and our society. At ICICI Prudential Life, building trust by empowering our teams, helps us unleash the creative potential of our people and enables us to build ICICI Prudential Life as an institution of excellence.

We believe that through trust and empowerment, we invoke the intrinsic motivation of our people - to envision an overarching purpose, to direct their own goals and to pursue excellence by getting better at what they do and thereby meeting the long term financial goals and protection needs of our customers and the society at large.

Since inception, the Company's people strategy has always been to grow and build talent. Our focus on developing talent is delivered by encouraging our people to take up different assignments and supporting them on doing the same. We also offer a varied spectrum of self-directed

learning opportunities through eLearning programmes, newsletters, online repository, library tie-ups, education assistance policy etc., supported with learning events and workshops that are conducted from time to time.

As an organisation, we aim to offer our employees a meaningful long-term career proposition by providing a supportive work environment, providing a platform for their learning and growth, fostering meritocracy and ensuring fairness in all our actions. Our values of Passion, Humility, Customer First, Integrity and Boundaryless guide all our actions and provide the strong foundation for our business success.

Employee Speak

//
I joined in June 2003 as an Associate Financial Services Manager. The power of this organisation is the unity that we have across functions, where employees help each other. A challenge is never huge if all forces unite to combat them and that's what we do at ICICI Prudential Life. Internally, we have fostered a culture of humility which has helped us constantly learn and adapt to changes across levels. A young 23 year old post graduate entering the life insurance industry at a junior level; today leads the 500 crore Mumbai B&A business - this itself is the most prized and cherished experience for me and my family. //

Upendra Prabhu, VP – S&D, Mumbai

//
My journey of more than a decade at ICICI Prudential Life has been an enriching and rewarding experience. ICICI Prudential Life is indeed a great place to work and is the right organisation for those who believe in professionalism, team work and complete freedom of work. The organisation focusses on bringing out the best in every employee and gives ample opportunities for employees to bloom to their full potential.

ICICI Prudential Life has given me the right environment to opt for challenging roles across various functions. The immense empowerment and trust that has been reposed in me by my seniors has motivated me to take complete ownership of the tasks assigned and deliver to the best of my ability. My experience has been an enriching one with lots of learnings and challenges which has not only helped me to develop and grow professionally but has also made a great impact personally.

I truly enjoy my job and am proud and happy to be a part of such a wonderful organisation with great values. I wish that ICICI Prudential Life grows from strength to strength and scales newer and greater heights... //

Sheelpa Salunke, AVP – Underwriting, Mumbai

//
Opportunity to work with world class colleagues; ecosystem that encourages us to try new ways, an appetite for failed attempts, systems & process that help you to focus on value addition and constant appreciation for successful completion of assignments are things I cherish in this organisation. //

BUILDING TRUST WITH SHAREHOLDERS

At ICICI Prudential Life, we are committed to protecting our customers, nurturing our employees and enhancing value for our shareholders. We value the trust and support of our shareholders.

Our Performance

Despite challenges in the life insurance industry, we managed to grow by over 41% on a retail weighted received premium (RWRP) basis on the back of customer-centric products. We continued on our journey of building efficiencies with cost to RWRP ratio being 49.1%, one of the lowest in the industry.

For the first time, the company disclosed its Embedded Value (EV), an IEV of ₹ 137.21 billion. This has been calculated as per Indian Embedded Value (IEV) standards as per Actuarial Practice Standard 10 issued by the Institute of Actuaries of India. The IEV is broadly consistent with Market Consistent Embedded Value. The EV disclosure is a critical input for an investor in determining the value of a life insurance company.

The Numbers that we achieved

The Company has seen a gradual increase in the Return on Equity (ROE)* generated over the years. The ROE has increased from 31.2% in FY2013 to 32.7% in FY2014 and for FY2015, the ROE is 33.9%. There has been a considerable decrease in the cost to RWRP ratio, over the same period from 75.4% in FY2013 it went down to 69.3% in FY2014 and in FY2015 it stands at 49.1%.

We continued to stay on the profitable growth path. From a PAT of ₹ 14.96 billion in FY2013 to ₹ 15.67 billion in FY2014, we have garnered a PAT of ₹ 16.34 billion in FY2015. Since FY2012, we have been paying dividends. In FY2014 we paid a dividend of ₹ 7.65 per share and a total of ₹ 10.93 billion. In FY2015 we have paid a dividend of ₹ 5.85 per share and a total of ₹ 8.37 billion.

Utilising capital efficiently

We have grown our assets under management and have reached a milestone of over ₹ 1 trillion without the associated issues of rising costs – our cost to RWRP ratio has seen a consistent decreasing trend. We have minimised our input time in terms of sales and internal processes by implementing technology solutions and thereby increased our efficiencies and empowered both employees and distributors. While this achievement means a lot to us we do believe that the mantra to stay successful is to keep improving ourselves constantly.

CORPORATE SOCIAL RESPONSIBILITY

CSR has been a long-standing commitment at the ICICI Group and forms an integral part of the Company’s activities. The Company contributes and supports programmes and initiatives keeping “protection” as the core proposition and cornerstone of all its CSR initiatives in line with the Company’s core business.

The Company has instituted a CSR policy and takes forward CSR programmes and initiatives under its aegis. CSR programmes taken forward in FY2015 were:

ICICI Foundation

The Company contributes 75% of its annual CSR budget to ICICI Foundation for Inclusive Growth (IFIG). Initiatives taken forward are:

- ICICI Academy for Skills (IAS) to provide sustainable livelihood opportunities to underprivileged youth. 10,000 youths were trained in FY2015, with 100% placement of the trainees in jobs.
- School and Teacher Education Reform Programme, currently being conducted in schools at Rajasthan and Chhattisgarh. The programme aims to deliver a child-centric learning environment in government schools. Further, in Chhattisgarh an initiative to build toilet blocks in 100 schools in five districts is being undertaken in line with the Government’s ‘Swachh Bharat Abhiyan’.

More details on the initiatives are available on www.icicifoundation.org

Consumer protection

The Company has taken forward the Consumer Protection Programme on the theme of electronic Insurance Account (eIA) through consumer awareness and consumer education campaign. eIA, a “Green Initiative” of IRDA, is a facility for policyholders to keep insurance policies in an electronic form, which protects policy documents from damage or loss, provides easy access and avail services from a single account. The awareness and education campaign leveraged various mass media formats, to reach out to consumers. Additionally a microsite and a dedicated helpline was setup to address and clarify consumer queries on eIA.

Protection of health

To improve the healthcare outcomes in rural India, in June 2014, the Company initiated a healthcare programme along with Sughavazhvu in the state of Tamil Nadu (Orthanadu block of Thanjavur). The objective was to address primary healthcare issues in rural India through a financially viable healthcare model. Through Sughavazhvu’s infrastructure of semi-urban health clinic and mobile van, approximately 5,400 consultations/treatments have been conducted until March 2015.

Protection of children

Children are the country's future and initiatives for their development and protection deeply resonate with us. Initiated in collaboration with Catalysts for Social Action (CSA), programme ASHA aims to enhance and improve child care conditions and rehabilitation outcomes of children staying in Child Care Institutes (CCIs) of Madhya Pradesh through structured interventions. Sixteen CCI in Madhya Pradesh with approximately 750 children are beneficiaries of the programme.

Employee volunteering

Encouraging the spirit of giving, the Company supports its employees to contribute towards meaningful social causes. Employees contributed funds through their payroll for the relief and rehabilitation of the flood victims of Jammu and Kashmir. The Company supported this by matching the total employee contribution.

The Company also facilitates employee participation in the Payroll Giving Programme with GiveIndia, Teach for India Fellowship programme and in marathons for social causes.

Outlook for the industry and the Company

The Indian economy and capital markets performed well in FY2015 which aided the return of retail investor to financial investment avenues. It is expected that this trend would continue going forward as well. Life insurance industry is an important component of financials saving and is expected to gain from the shift in trend. Recent events like opening of insurance sector for foreign investments, enhanced incentives for financial saving, focus on increasing financial inclusion, improving customer proposition of insurance products coupled with fundamental strengths of Indian economy (High GDP growth rate, high savings and investment rate, favourable demography) are expected to provide fillip to growth of Insurance industry in India.

The Company would continue to focus on its strategic priorities, namely:

Enhance market leadership: The Company would continue to focus on growth opportunities in the market with a customised regional strategy to strengthen relative position in every geography.

Providing superior value proposition to customers: The Company would continue to focus on providing superior customer value proposition through product design and service architecture.

Strengthen multi-channel architecture: The Company would strengthen its multichannel distribution by non-linear scale up of agency and proprietary sales force, leveraging the bancassurance franchise and focusing on quality third party distribution.

Continued focus on efficiency of operations: The Company would focus on cost efficiency and in particular would leverage the digital platform to improve customer experience and efficiency of operations.

Customer retention: The Company would strengthen mechanisms to improve the AUM growth by increasing renewal premium and curtailing surrenders.

Superior risk adjusted fund performance: The Company has in place a robust risk and investment management frame work and would continue to deliver superior risk adjusted returns to customers.

Criteria for appointment of Directors & Senior Management

The Company has a well defined Policy for determining criteria for appointment of Directors & Senior Management personnel.

Compensation & Benefits Policy

The Compensation & Benefits Policy is applicable to the Whole time Directors, Key Managerial Personnel (KMP), Senior Managerial Personnel (SMP) and other employees.

Philosophy on compensation and benefits

The Company's philosophy on compensation and benefits is based on the ethos of meritocracy. The twin pillars of the performance management system and talent management system are closely intertwined with the compensation and benefits policy of the Company. The Company follows the cost to company approach while determining the compensation and benefits structure. While the Company aims to ensure internal and external equity consistent with emerging market trends, the Company's business model and affordability based on business performance sets the overarching boundary conditions.

Compensation structure

To meet the organisational objective of attracting, rewarding and retaining talent, compensation is delivered through a holistic composition of instruments as given below:

- Annual Guaranteed Pay
- Variable Pay
- Long-term Pay
- Non-cash Benefits
- Malus and Claw back

Review of compensation & benefits' practices

The review of compensation decisions involve:

- Review of the prevalent and emerging trends in the market with specific reference to compensation and benefits provided
- Review of compensation and benefits policies in line with emerging employee needs and organisational priorities
- Decisions pertaining to annual increments, bonus payout, stock option grants, promotions and benefits at various levels

SECRETARIAL AUDIT REPORT

for the Financial Year ended March 31, 2015

[Pursuant to section 204(1) of the Companies Act, 2013 and rule no. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

TO THE MEMBERS

ICICI Prudential Life Insurance Company Limited

1089, Appasaheb Marathe Marg,
Prabhadevi,
Mumbai – 400 025

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by ICICI Prudential Life Insurance Company Limited ('the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2015 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2015 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iii) The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines etc. mentioned above.

- (iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 were not applicable to the Company during the Audit Period as the Company is not a listed entity:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.
- (v) The following were not applicable to the Company during the Audit Period:
 - (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
 - (ii) The Listing Agreements entered into by the Company with Stock Exchanges.
- (vi) The Company, being a life insurance company, has complied with the Insurance Act, 1938 and regulations, guidelines and directions issued by the Insurance Regulatory & Development Authority of India (IRDAI). The company has its own robust compliance system and the Company is also subject to monitoring by and reporting of compliances to IRDAI.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views if any, are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the Company has no specific event/action, which would have a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines etc.

ANNEXURE C

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY ACTIVITIES

1. CSR has been a long-standing commitment at the ICICI Group and forms an integral part of the Company’s activities. The Group’s Contribution to social sector development includes several pioneering interventions, and is implemented through the involvement of stakeholders within the Company, the Group and the broader community. ICICI Foundation for Inclusive Growth (ICICI Foundation) was established in 2008 by ICICI Bank with a view to significantly expand the ICICI Group’s activities in the area of CSR. Over the last few years ICICI Foundation has developed significant projects in specific areas, and has built capabilities for direct project implementation as opposed to extending financial support to other organisations.

The Company’s objective is to pro-actively support meaningful socio-economic development in India and enable a larger number of people to participate in and benefit from India’s economic progress. This is based on the belief that growth and development are effective only when they result in wider access to opportunities and benefit a broader section of society.

The CSR policy of the Company sets the framework guiding the Company’s CSR activities. It outlines the governance structure, operating framework, monitoring mechanism, and CSR activities that would be undertaken. The CSR committee is the governing body that articulates the scope of CSR activities and ensures compliance with the CSR policy. The Company’s CSR activities are largely focused in the areas of education, health, skill development and financial inclusion and other activities as the Company may choose to select in fulfilling its CSR objectives. The Company supports programmes and initiatives keeping “protection” as the core proposition and cornerstone of all its CSR initiatives as “protection” is core to the Company’s business.

The CSR policy was approved by the Committee in October 2014, and subsequently was put up on the Company website. Web link for the Company’s CSR policy-

http://www.iciciprulife.com/public/About-us/Corporate-Social-Responsibility.htm/ICICI_Prudential_Life_CSR_Policy.pdf

I. INDUSTRY AND BUSINESS REPORT

1. Economic and industry overview

1.1 Macro-economic environment and outlook

During FY2015, India's GDP is estimated to have grown by 7.4% making India one of the fastest growing economies in the world. The GDP growth rates for FY2014 and FY2013 were 6.9% and 5.1% respectively which indicate pick up in momentum for Indian economy during FY2015¹. The revival in growth has been predominantly driven by domestic consumption. The trend of growth in consumption expenditure firmed up with 7.6% growth during FY2015 vis-a-vis 6.5% and 4.9% growth during FY2014 and FY2013 respectively². On per capita basis the national income rose to ₹ 88,533 rising by 10.1% during FY2015.

The GDP growth rate has been aided by favourable macro-economic environment during FY2015. The global crude oil price fell sharply during the year. The global crude oil price for Indian basket which was over 100\$ per barrel at the start of the financial year almost halved (54\$ per barrel) by the end of year³. The decline in oil prices has been instrumental in adding to spending power of households, thereby boosting consumption and growth. Moreover decline in oil prices has meant reduced input costs which is reflecting in moderating inflation figures. Persistent high inflation which averaged 9.5% in FY2014 eased to 6.8% during first 3 quarters of FY2015⁴. Moderation in inflation in turn has facilitated reversal of interest rate cycle. RBI reduced the repo rate by 50 basis points during FY2015. The increase in tax incentives for savings under Sec 80 C announced in 2014-2015 union budget is also a positive development for increase in saving capacity of Indian households.

Current account deficit estimated at 1.3% of GDP and fiscal deficit estimated at 4.1% of GDP for FY2015 remained under control⁵. Formation of majority government at the center, moderation in inflationary expectation, better macroeconomic indicators and improvement in business sentiments made India one of the most sought after destination for foreign capital. In FY2015, the net foreign direct investments into India were US\$ 34.87 billion compared to US\$ 21.56 billion in previous year⁶.

Country's stock markets also attracted sizeable inflow of foreign capital and attention of domestic retail investors. The benchmark indices, S&P BSE Sensex and CNX Nifty registered growth of 24.5% and 26.2% growth respectively during FY2015.

During FY2012 to FY2014, the decline in household savings rate has been led by sharp fall in physical savings rate which reduced to 11.0% in FY2014

from 15.5% in FY2012. Traditionally gold has been a preferred avenue for household savings in India however due to softening of gold prices the demand has been subdued. For 2014, the world gold council estimates point towards 14% decline in the consumer demand.

Though addition to financial assets of households registered an increase during FY2014 but there was a simultaneous rise in financial liabilities which resulted in marginal decline in net financial savings from 7.3% of GDP in FY2012 to 7.2% of GDP in FY2014. Within the financial assets, bank deposits remained the preferred financial saving instrument with a share of 59% in FY2014 whereas the inflow into life insurance declined from 21.3% in FY2012 to 17.0% in FY2014⁷.

Particulars	FY2012	FY2013	FY2014
Nominal GDP (₹ trillion)	88	100	113
Household savings as % of GDP	22.8%	20.2%	18.2%
Financial savings as % of GDP	7.3%	7.0%	7.2%
Insurance share of financial assets	21.3%	17.3%	17.0%

Over a medium to long term horizon, the Indian economy seems poised to head towards a sustained growth trajectory fuelled by favorable demographics, rising middle class and higher savings and investment rate.

1.2 Insurance industry overview

Since the opening of the insurance sector for private players in FY2001, total premium written by industry has grown at a CAGR of 16.5% between FY2002 and FY2014, outpacing the GDP CAGR of 14.0% during the same period. At the end of financial year 2014 the Indian life insurance industry was the eleventh largest market in the world on the basis of gross written premium⁸.

Parameters	FY2012	FY2013	FY2014
New business premium ⁹ (₹ billion)	479	470	454
Total premium (₹ billion)	2871	2872	3143
Sum assured ¹⁰ as % of GDP	48.8%	47.3%	43.5%

On retail weighted received premium basis the industry has grown at a CAGR of 10.2% during FY2002 to FY2015. However the decline in savings channeled into life insurance fund during FY2012 to FY2015 is also getting reflected in the reduction in new business premium collected by the industry which reduced by 5.3% CAGR during the period.

1.2.1 Competitive landscape

Indian life insurance players operate in a highly competitive space with 23 private players and LIC which is the sole public sector company in the sector. Industry is highly concentrated with the LIC and top 7 private players maintaining around 90% market share (RWRP basis).

In FY2015, the equity markets touched their all-time high and select private players were able to respond to the demand of unit linked products. Consequently market share of top 7 private players rose to 37.6% in FY2015 from 29.0 % in FY2014 while LIC's market share dropped to 51.0%. Overall, the industry RWRP¹¹ declined by 10.3%, however private players grew by 15.9%.

1.2.2 Shift in Product Mix

After the financial crisis of FY2008 and IRDAI regulation of ULIP products in 2010 many players shifted the focus to traditional products. The mix of traditional products in new business premium terms increased from 58% in FY2011 to 88% in FY2015. In case of private players the shift was from 31% to 62%.

The mix of traditional products for private players had been increasing year on year till FY2014. In FY2015, significant improvement in customer value proposition due to lower charges, customer protection from lapse risk and buoyant equity and debt markets led to increase in demand of unit linked products and the share of ULIPs for private players increased from 29% in FY2014 to 38% in FY2015.

1.2.3 Distribution trend

Agency remains the predominant channel for the industry contributing 73% of retail new business premiums for 9M-FY2015. This is largely due to the

agency focus of LIC. Private players have a more balanced distribution mix and have leveraged alternate channels more to distribute their products. For private players, bancassurance became the largest channel in FY2013 eclipsing agency and since then the bancassurance mix has undergone further consolidation, going up to 47% in 9M-FY2015.

1.2.4 Contribution of the life insurance industry

In addition to playing its core role of providing financial protection by covering mortality and morbidity risk, the Indian life insurance industry also plays a key role in channelising retail investor savings to the financial markets. The industry has been able to leverage its extensive distribution network throughout the country to provide long term funds to both debt and equity markets. Long term investment in equity funds have contributed to the stability of equity markets.

1.2.5 Regulatory changes

Insurance Law (Amendment) Act 2015

With the successful passage of the insurance bill by both houses of Indian parliament, the insurance sector has been opened for further foreign investments. The act also has provisions to bring clarity on certain regulatory aspects and easing of the operating environment for insurance sector.

Some of the key features of the act are:

- The cap on aggregate holdings of equity shares by foreign investors, including portfolio investors, has been raised to 49% of paid up capital from 26% erstwhile
- Indian partners shall have the right to appoint majority of directors or control the management or policy decisions by the virtue of their shareholding/management rights or voting agreements. Thus both the ownership and control shall remain in Indian hands
- Insurers have been given the power to appoint agents subject to fulfilment of the criteria laid out by IRDAI
- IRDAI has been empowered to regulate key aspects of Insurance Company operations in areas like solvency, investments, expenses and commissions and to formulate regulations for payment of commission and control of management expenses
- The period during which a policy can be repudiated on any ground has been confined to three years from the commencement of the policy and no policy can be called into question on any ground after three years
- Permits foreign re-insurers to set up branches in India

Distribution

Insurance marketing firm

- IRDAI has allowed registration of Insurance marketing firm (IMF) paving the way for insurance agents and entrepreneurs to start their own insurance distribution firm. IMFs would be able to distribute products of two life insurers, two general insurers and two health insurance companies at any point in time through insurance sales persons or insurance service provider. Apart from insurance products, IMFs can also undertake marketing of mutual funds, pension products of PFRDA and other financial products distributed by SEBI-licensed investment advisors.

Product Regulation

- IRDAI has mandated that for products other than fund based products, underwriting policy for each product has to be approved by the board. The underwriting policy has to highlight the criteria for group specific mortality together with discounts and loadings which have been capped at 30% of the premium.

Investment

- In July 2014, RBI permitted banks to issue long term bonds for financing infrastructure and affordable housing. IRDAI has allowed the investments in such long term bonds issued by bank towards mandatory 'infrastructure & housing sector' exposure requirement.
- IRDAI has allowed investment in onshore rupee bonds issued by Asian Development Bank (ADB) and International Finance Corporation (IFC) under 'approved investments' category, subject to them meeting the rating criteria to qualify as 'approved investment' prescribed by IRDAI.
- For the purpose of hedging of interest rate risk in the company, IRDAI has allowed insurers to deal as users with following interest rate derivatives. a.) Forward rate agreements b.) Interest rate swaps c.) Exchange traded interest rate futures.

1.3 Industry outlook

The value proposition of insurance products has improved significantly over the last few years, making it more competitive vis-a-vis other financial products. With foreign investment limit being increased to 49%, additional capital can be expected to be infused into the sector helping in widening of distribution network and investments in technology. Structural strength of Indian economy in terms of high savings rate and demographic dividend is also expected to favour the growth of life insurance in India.

1.3.1 Opportunities

Demographic dividend

India finds itself in a sweet spot in terms of demographic profile of the population. The population of working age group (25-64 years) forms around half of the total population and the number of people dependent on this age group is quite low at 1.09. By 2025, while the working age population is expected to swell to 720 million, the dependency ratio is also expected to reduce to less than 1. With reduction in dependency ratio, the disposable income increases which will raise the saving capacity of the population. Specifically, for population of age greater than 25 years which is the target segment for the insurance industry, this number is expected to go up from 684 million in the year 2015 to 755 million in 2020 and to 888 million by 2030¹². With increasing workforce, the size of this segment is expected to increase, translating into more customers for the insurance industry.

GDP growth and rising income levels

India is set to become the fastest growing large economy in the world in FY2016 and is likely to remain so on a long term basis¹³. As a result of her growth, India is seeing a rise in the number of affluent households. This trend is promising for the financial services industry as the surplus incomes are likely to be channeled into savings avenues like life insurance.

Number of households in millions	FY2015F	FY2025F
Mass affluent (₹ 90,000 to ₹ 1 million per annum)	166.6	221.1
High net-worth households (over ₹ 1 million per annum)	3.3	9.5

Source: NCAER, McKinsey

Revival in household savings and financial savings

Several measures have been taken by government to incentivize higher financial saving including increasing tax rebate ceiling under 80C and raising minimum taxable income. High inflation which eats into household saving is also showing signs of moderation. The relative attractiveness of physical saving avenues like property and gold has also abated. All these

¹²Source: UN Population division's release "World Population Prospects – The 2012 Revision"

¹³International Monetary Fund's "World economic outlook"; January 2015 review

factors could result into an increase in household financial savings. The improvement in customer value proposition both in terms of products and service could lead to an increase in the share of insurance fund in total household savings.

Significant protection gap

The sum assured to GDP ratio in India stands at 44% compared to 270% in US, 260% in Japan and 149% in Malaysia¹⁴. The low sum assured to GDP ratio is indicative of inadequate or absence of life term cover for large part of the population. The untapped protection cover offers an opportunity for insurers to focus on potential of term products.

Rising health care spends

As the country aims for universal health coverage, private health insurance can play a pivotal role in complementing the government financed insurance schemes. In 2012, government and social health insurance accounted for 32% of total health expenditure while direct out of pocket expenses bore the maximum burden with 58% of total health expenditure¹⁵. Rising cost of healthcare, strain on government finances, rising demand for quality healthcare with rising income can help insurance companies to emerge as the preferred alternative for financing healthcare spending. The new insurance bill has specified health insurance as a third category open to life insurers, general insurers and standalone health insurers. As rules are specified for the health category applicable across companies, opportunities for life insurance players would open up.

Pension needs

Growth in demand for pension business will be driven by rising proportion of population above 60 years and rising life expectancy. Life expectancy at age 60 in India has risen from 15 years in 1990 to 17 years in 2012¹⁶ and can be expected to increase further with improvement in living standards and rising income. Moreover, the population of age above 60 is expected to double by 2040. The Finance minister in the union budget of 2015 announced the intention to allow employees to have a choice between contributing to EPFO and NPS. This could provide a fillip to the revenues for company's pension subsidiary.

1.3.2 Challenges

Competition from other asset classes and financial instruments

Insurance products compete with physical assets like gold and property as well as other financial instruments like fixed deposits and mutual funds for a share of household savings. The focus of the industry to increase awareness, improve customer proposition and bring in greater transparency should help in ensuring that insurance becomes one of the most attractive avenues of deploying longer term retail savings.

Persistency and surrender prevention

Customer retention is one of the most important drivers of profitability for an insurance company. The industry needs to focus on inculcating longer term behavior in the customer and the distributor. This is also one of the key regulatory priorities.

Cost efficiency

Given the high fixed cost structure of the industry, this is a key lever to ensure long term financial sustainability. Many players have seen a fall in expense ratio because of various efficiency initiatives carried out by them.

However, the industry needs to reach to an even greater level of efficiency to deliver higher customer value and to make the products even more competitive with other financial products.

2. Company strategy

2.1 Enhance market leadership

The company would continue to focus on profitable growth opportunities in the market with customised regional strategy to strengthen relative position in key micro markets in the country. With 547 branches and over 5000 partner points of presence, the company is able to cover 527 districts in country.

2.2 Provide superior value proposition to customer

The product strategy of the company is based on providing superior value to customers and offering a comprehensive suite of products. Having a wide range of product offerings helps us meet different needs of customers and for different segments of customers.

Value to customer can be measured in terms of Reduction in Yield (RIY) in case of linked products and Internal Rate of Return (IRR) in case of traditional products. Lower the RIY, and higher the IRR, the better the proposition is for the customer. We have products that offer amongst the lowest RIY and highest IRR, helping us deliver best in class value to our customers. The company has adopted goal based selling approach and it offers customised solutions to customer by combining multiple products.

The company is increasing its focus on protection products, specially targeting "by invitation" portfolios.

2.3 Strengthen multichannel architecture

The company would continue to strengthen its multi-channel distribution. Multi-channel distribution architecture helps us tide over economic cycles where one distribution segment may be significantly impacted, provides access to different customer segments and reduces concentration risk without compromising on scalability.

In agency, the focus continues to be on increasing scale in a non-linear manner. In the corporate agent and broker channel, the company seeks to tie up with new distribution partners while continuing the focus on working with partners aligned to company philosophy. In the proprietary channel, we will continue to leverage our existing customer base for upsell opportunities.

2.4 Continued focus on efficiency of operations

Efficiency of operations has been a focus area for the company for the last few years. The company's integrated regional structure plays a key role in ensuring requisite focus on efficiency at local level. Our digitisation efforts have been a game-changer with benefits accruing to all our sales and service processes. The digital platform has helped us to enable a structured sales process, faster turnaround, lesser paperwork and better efficiency. Digitisation is also helping the company in reducing dependence on physical infrastructure without compromising on market penetration.

We believe in being the frontrunners in adopting and leveraging technology and we would continue to leverage technology as a strategic tool to improve overall productivity.

2.5 Superior risk adjusted fund performance

The company has in place a robust risk and investment management framework to deliver superior risk adjusted returns to customers. The company’s investment focus is to ensure long term safety, stability and profitability of customer’s funds.

2.6 Customer retention

Customer retention is essential for our profitable growth. The company has been strengthening mechanisms to improve the assets under management (AUM) growth by increasing renewal premium and curtailing surrenders. Some of the key initiatives have been increasing the attachment of ECS (Electronic Clearing System) or standing instructions at the time of sale and incorporation of persistency targets across levels.

3. Performance overview

3.1 Market Share

The company retained its market leadership position in FY2015 with a private market share¹⁷ of 23.0% compared to 18.9% in FY2014. Overall market share also increased to 11.3% in FY2015 compared to 7.2% in FY2014.

3.2 Product Mix

The company offers a range of products across unit linked and traditional platforms to meet specific customer needs. In FY2015, higher demand for ULIPs stemmed from the fact that market conditions were suitable and the value proposition of linked products improved. Our life and pension products that offer equity participation with capital protection helped cater to the needs of risk averse customers. Overall ULIP share increased to 84.8% in FY2015 compared to 66.5% in FY2014.

3.3 Channel mix

The company continued its focus on strengthening its multi-channel distribution. The company has recalibrated the agency channel by using a segmented approach and designing specific incentives for retention and growth. The agency channel achieved 22.1% growth in FY2015. Partnership with Standard chartered bank has helped in strengthening our bancassurance franchisee and extension of our distribution network. In the Corporate agent and Broker channel, the company has reviewed its portfolio in line with its strategy to work with partners having long term outlook and quality focus. During FY2015, while the bancassurance channel grew by 53.0%, the other channels also recorded growth rate of 27.2%.

For FY2015, 59.2% of RWRP was from bancassurance channel followed by 25.0% of RWRP from agency, 6.9% from third party distribution comprising corporate agents and brokers and 8.9% from direct channels.

¹⁷Retail weighted received premium basis

¹⁸According to IRDA circular IRDA/ACT/CIR/035/01/2014 dated January 23, 2014

The company registered a year on year growth of 18.2% in retail renewal premium for FY2015. The retail surrenders as % of average AUM have also reduced from 1.1% in FY2014 to 0.9% in FY2015.

3.5 Cost efficiency

The company maintained its focus on 'Growth with Efficiency'. Some of the key initiatives to manage the expense ratio include leveraging digitisation and business unit level ownership of cost ratios. As a result of the efficiency initiatives, the company has managed to keep its operating expenses under control over the last 4 years. This has led to improvement in cost ratios. The company tracks Cost to RWRP as the key indicator for cost efficiency. On this metric the company has improved from 69.3% in FY2014 to 49.1% in FY2015.

II. STANDALONE FINANCIAL STATEMENTS

a. Results from operations

The statement below summarises the Company's Revenue and Profit and Loss account:

Particulars	₹ billion	
	FY2014	FY2015
Premium income (net)	122.83	151.60
Income from investments	95.69	192.51
Other income (including fees and charges)	0.27	0.18

Operating expenses	(16.28)	(17.05)
Unit fund expenses*	(3.10)	(2.99)
Benefits paid	(120.83)	(122.57)
Change in valuation of liability in respect of life policies	(56.58)	(179.80)
Taxes ^	(0.06)	(0.01)
Profit after tax	15.67	16.34

*Service tax on linked charges and other unit fund expenses

^ Comprises tax allocated to both Policyholders' and Shareholders' Account

The standalone profit after tax for the Company increased from ₹ 15.67 billion in FY2014 to ₹ 16.34 billion in FY2015.

The total inflows increased by 57.4% due to increase in premium income of 23.4% and increase in investment income of 101.2%. Premium income increased from ₹ 122.83 billion to ₹ 151.60 billion due to higher new business and renewal premium. Investment income increased from ₹ 95.69 billion to ₹ 192.51 billion primarily led by strong equity and debt market performance and increase of Assets Under Management (AUM) from ₹ 805.97 billion as at March 31, 2014 to ₹ 1,001.83 billion as at March 31, 2015.

The total outflows increased by 61.5% primarily due to 217.8% increase in policy liabilities. The increase in policy liabilities from ₹ 56.58 billion in FY2014 to ₹ 179.80 billion in FY2015 is in line with increase in business or in case of linked business in line with increase in unit asset values. Benefits paid to policyholders increased marginally from ₹ 120.83 billion in FY2014 to ₹ 122.57 billion in FY2015 on account of increase in maturity and survival claims in line with the in-force book. Total expenses were flat year on year with increase in non-commission expenses of ₹ 0.77 billion being offset by decrease of ₹ 0.74 billion in commission expenses.

The Company's results from operations have been analysed below:

i. Premium income

Particulars	₹ billion		
	FY2014	FY2015	Growth
Retail			
First year premiums	32.31	45.69	41.4%
Single premiums	3.54	3.63	2.5%
Renewal premiums	81.00	95.71	18.2%
Total retail premium	116.85	145.03	24.1%
Group premium	7.44	8.03	7.9%
Gross total premium	124.29	153.06	23.2%
Reinsurance premium	(1.46)	(1.46)	-
Net total premium	122.83	151.60	23.4%

The retail new business premium (including single premium) increased by ₹ 13.47 billion (37.6% increase) from ₹ 35.85 billion in FY2014 to ₹ 49.32 billion in FY2015. The increase is attributable to higher premium from unit-linked products, partly driven by improved equity market sentiments. The retail renewal premium increased by ₹ 14.71 billion (18.2% increase) from ₹ 81.00 billion in FY2014 to ₹ 95.71 billion in FY2015. Group premiums increased by 7.9% from ₹ 7.44 billion in FY2014 to ₹ 8.03 billion in FY2015. Higher premium from retail products resulted in an increase in the total premium income (net of reinsurance) from ₹ 122.83 billion in FY2014 to ₹ 151.60 billion in FY2015, an increase of 23.4%.

ii. Investment income

Details of income from investments are given in the table below:

Particulars	FY2014			FY2015		
	Unit linked	Non-linked	Total	Unit linked	Non-linked	Total
Interest, dividend and rent	25.05	13.59	38.64	28.11	16.17	44.28
Profit/(loss) on sale of investments* (net)	27.77	0.15	27.92	73.63	2.20	75.83
Unrealised gain/(loss)	29.13	-	29.13	72.40	-	72.40
Total income on investments	81.95	13.74	95.69	174.14	18.37	192.51

*Profit/(loss) on sale of investments includes loss due to impairment.

IRDAI regulations on preparation of financial statements prescribe that the Revenue Account should include income from investments earned from assets held under both unit linked and non-linked businesses. Income on investments under unit linked business though included as income in the Revenue Account is offset by a corresponding effect on the unit linked liabilities and does not impact the profit or loss for the year. Unlike unit linked business, unrealised gain/ loss pertaining to securities in non-linked business is not recognised in Revenue Account.

The total income on investments (including the unit linked business) is analysed as follows:

Interest, dividend and rent (including amortisation)

During FY2015 interest income, dividend and rent increased by 14.6% from ₹ 38.64 billion in FY2014 to ₹ 44.28 billion in FY2015 due to higher interest income on account of increase in average debt assets under management. The table below indicates average debt investments and average yield earned.

Particulars	₹ billion	
	FY2014	FY2015
Average interest earning assets	357.68	438.37
Average yield	9.0%	8.8%

During FY2015, the basis of amortisation of premium or accretion of discount has been changed from straight line method to yield to maturity (effective interest rate method) over the remaining period to maturity. Management believes that amortising the discount at the market interest rate more closely reflects the economic reality of the securities invested (Refer note 2.1 of schedule 16 to financial statements).

Profit and Loss on sale on investments

Profits and losses are realised as the portfolio is realigned based on the market conditions and expected attractiveness of securities and sectors going forward.

Unrealised gain/loss (unit linked portfolio)

Unrealised gains or losses result from mark-to-market valuation of assets held in the unit linked portfolio. The unrealised gain on investments held under the unit linked business increased from ₹ 29.13 billion in FY2014 to ₹ 72.40 billion in FY2015 primarily due to better market performance in FY2015. Equity markets rose in FY2015 with S&P BSE 100 rising by 28.3%.

iii. Other income (including fees and charges)

Other income includes fee collected on policy reinstatement, income from stale cheques (other than customer dues and statutory payouts), interest earned on loans given to policyholders and interest on income tax refund.

iv. Expenses (including commission)

Particulars	₹ billion		
	FY2014	FY2015	Growth
Commission expenses	6.27	5.53	(11.8%)
Operating expenses	16.28	17.05	4.7%
Total expenses	22.55	22.58	0.1%

The total expenses are further analysed below.

Commission expenses

Particulars	₹ billion			
	Retail		Total	
	FY2014	FY2015	FY2014	FY2015

Commission (%)	0.3%	0.6%	0.2%	0.3%
Renewal				
- Premium	81.00	95.71	86.69	99.74
- Commission	1.56	1.97	1.56	1.97
Commission (%)	1.9%	2.1%	1.8%	2.0%
Total premium	116.85	145.03	124.29	153.06
Total commission	6.27	5.53	6.27	5.53
Total commission (%)*	5.5%	3.9%	5.2%	3.8%

* Total commission ratio: Commissions / (Total premium – 90% of single premium)

There is a decrease in the total commission by 11.8% from ₹ 6.27 billion in FY2014 to ₹ 5.53 billion in FY2015 as against the increase in premium by 23.2% from ₹ 124.29 billion in FY2014 to ₹ 153.06 billion in FY2015. Initial retail commission rate has decreased from 14.5% in FY2014 to 7.7% in FY2015. The lower commission is primarily on account of increase in linked products in product mix from 66.5% to 84.8% in FY2015 on RWRP basis. Linked products have lower commission rates than conventional products. The commission rate on non-linked products is also lower due to the linkage of commissions with premium paying terms as mandated by IRDAI in the new product guidelines. However, the commission ratio on retail renewal book has increased from 1.9% in FY2014 to 2.1% in FY2015 on account of increased mix of non-linked products in retail renewal premium.

Operating expenses

Operating expenses marginally increased by ₹ 0.77 billion in FY2015 as compared to FY2014. The total operating expenses of the Company are analysed as follows:

Particulars	₹ billion		
	FY2014	FY2015	Growth
Employee cost	7.19	6.97	(3.1%)
Sales & distribution related cost	4.29	5.49	28.0%
Infrastructure cost	1.92	1.65	(14.1%)
Provision for doubtful debts / bad debts	0.03	0.01	(66.7%)
Others	2.85	2.93	2.8%
Total expenses (excluding unit expenses)	16.28	17.05	4.7%

v. Unit fund expenses (including service tax on linked charges)

Unit fund expenses amounting to ₹ 2.99 billion in FY2015 as compared to ₹ 3.10 billion in FY2014 primarily comprise of service tax on linked charges. Service tax on linked charges is recovered from the policyholders and is profit and loss neutral.

vi. Benefits paid

A summary of benefits paid is provided below:

Particulars	₹ billion	
	FY2014	FY2015
Surrenders	113.07	113.10
Mortality (Death) claims	3.66	4.02
Maturity and annuity claims	2.99	4.28
Survival benefits	1.94	2.24
Amount recovered from reinsurer	(0.83)	(1.07)
Total	120.83	122.57

Surrenders primarily pertain to the linked portfolio post completion of lock-in period and continued at similar level as FY2014.

The increase in mortality, maturity and survival claims is in line with the expected payouts as per the portfolio of the company.

vii. Change in valuation of liability in respect of life policies

Particulars	₹ billion	
	FY2014	FY2015
Change in non-linked reserves		
- Participating	5.62	11.30
- Non participating	23.46	24.15
Change in linked reserves		
- Non unit reserves	(0.41)	(0.32)
- Unit reserve	27.91	144.67
Total	56.58	179.80

Change in actuarial liability is in respect of policies in force and for policies in respect of which premium has been discontinued but a liability still exists. Charge to the Revenue Account is the difference between policy liabilities as on two Balance Sheet dates.

Reserves for both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, morbidity, expense, inflation and in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation with allowances for adverse deviations.

Reserves for participating line of business has increased primarily on account of higher business in FY2015 as compared to FY2014.

Change in valuation of liability in respect of linked business (unit reserve) has been taken as the value of the units standing to the credit of policyholders, using the Net Asset Value ('NAV') prevailing at the valuation date. The adequacy of charges under unit linked policies to meet future expenses and claims in excess of the unit reserves has been tested and provision made as appropriate. Provision has also been made for the cost of guarantee under unit linked products that carry a guarantee. The units held in respect of lapsed policies are divided into a revival reserve, which contributes to liabilities, and a fund for future appropriation, which contributes to regulatory capital. The significant increase in unit reserves is attributed to increase in income from investments arising due to the rise in the equity markets experienced in FY2015.

viii. Taxes paid

Particulars	₹ billion	
	FY2014	FY2015
Deferred tax charge	0.06	0.01
Total	0.06	0.01

Deferred tax asset is recognised on the timing differences between the financial and tax books arising from Linked Fund for Future Appropriation (Linked FFA) and also included Company's eligible tax losses to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realised.

During FY2015, the deferred tax asset created on Linked FFA has been utilised.

There is no current tax liability on account of unabsorbed losses as per Income Tax Act. The Company allocates the tax liability between participating and non-participating line of business to ensure more appropriate presentation in the financial statements. During FY2015, tax on total surplus of participating line of business has been offset by a corresponding credit in the Profit and Loss account as Company does not have tax liability at an overall level.

b. Financial condition

The following table sets forth, on the dates indicated, the summarised Balance Sheet.

*Deferred tax asset of ₹ 0.001 billion at March 31, 2015

The net-worth grew by 19.9% to ₹ 52.68 billion at March 31, 2015. The Company was able to wipe out the accumulated losses in FY2015. The investment assets increased by 24.2% from ₹ 801.20 billion as at March 31, 2014 to ₹ 994.92 billion as at March 31, 2015.

Sources of Funds

i. Equity capital and reserves (Shareholders' funds)

Equity capital

The Company's issued and subscribed share capital comprises 1,431,716,991 equity shares of face value of ₹ 10 each (1,429,255,687 equity shares at March 31, 2014). Of the above, 73.71% equity shares are held by the ICICI Bank Limited (73.84% at March 31, 2014), 25.90% equity shares are held by the Prudential Corporation Holdings Limited (25.94% at March 31, 2014) and balance 0.39% equity shares are held by others (0.22% at March 31, 2014) which are issued under the Company's Employee Stock Option Scheme.

There has been no capital infusion during the year except to the extent of shares allotted to employees under the Employee Stock Option Scheme.

Reserves

A summary of reserves and surplus is provided in the table below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
Share premium	33.66	33.84
Fair value change account	1.86	4.03
Balance of profit in Profit and Loss Account	-	0.48
Total	35.52	38.35
Debit balance in Profit and Loss Account (net of General reserves)	5.89	-

The addition to the share premium is on account of shares issued under Employee Stock Option plan.

Fair value change account represents unrealised gain (net) on equity and mutual fund securities pertaining to Shareholders' investments as on the Balance Sheet date. Such mark to market treatment of equity and mutual fund securities as on the reporting date is in line with requirements of Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002. Movement in fair value change account is a function of performance of the equity markets and the mix of equity and mutual funds in the portfolio.

The wipe out of debit balance in Profit and Loss Account is attributable to the profit after tax earned by the Company for the year and the adjustment of general reserve in accordance with Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002.

ii. Policyholders' funds

A summary of Policyholders' funds is provided in the table below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
Fair value change account	4.81	11.75
Revaluation reserve	0.66	0.56
Policy liabilities	138.12	172.59
Provision for linked liabilities	591.37	724.78
Funds for discontinued policies	11.28	22.98
Total	746.24	932.66

Fair value change account represents unrealised gain (net) on equity and mutual fund securities pertaining to Policyholders' non-linked investments as on the Balance Sheet date. Such mark-to-market treatment of equity and mutual fund securities as on the reporting date is in line with requirements of Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's report of Insurance companies) Regulations, 2002. Movement in fair value change account is a function of performance of the equity markets and the mix of equity and mutual funds in the portfolio.

The Company has an investment property held under the non-linked funds which as per the requirements of Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's report of Insurance companies) Regulations, 2002 is required to be revalued at least once in three years. The value of investment property is required to be disclosed at the revalued amount in the Balance Sheet and the change in carrying amount is classified under Revaluation Reserve. The value of the investment property in accordance with the independent valuation is ₹ 2.53 billion (Historical cost: ₹ 1.97 billion; revaluation reserve: ₹ 0.56 billion) as against ₹ 0.85 billion at March 31, 2014 (Historical cost: ₹ 0.19 billion; revaluation reserve: ₹ 0.66 billion).

For movement in policy liabilities and provisions for linked liabilities refer point II a. vii above.

Funds for discontinued policies represent funds pertaining to lapsed or surrendered linked policies which have not completed the minimum lock in period (pending payment to customer) as prescribed by IRDAI.

iii. Funds for future appropriations (FFA)

Summary of funds for future appropriations is provided in the table below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
FFA - Linked	0.45	0.02
FFA - Non-linked	4.59	5.25
Total	5.04	5.27

FFA – Linked:

FFA represent an amount that is estimated by the Appointed Actuary in respect of lapsed unit linked policies and is set aside in the Balance Sheet. This amount is not made available for distribution to Shareholders until the expiry of the maximum revival period. After expiry of the revival period, the Company may appropriate FFA amount as a surplus on the Appointed Actuary's recommendation.

FFA – Non-linked:

The Insurance regulations require that the surplus under Policyholder funds can be transferred to the Shareholder funds only on the recommendation of the Appointed Actuary. Specifically under participating funds, such recommendation can only be made in relation to bonuses declared to policyholders. Any surplus in the Policyholder funds (excluding the unit fund) that has not been recommended for distribution to the shareholders or policyholders is held as FFA - Non-linked.

iv. Current liabilities and Provisions

Current liabilities

A summary of current liabilities is provided in the table below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
Sundry creditors	6.03	6.88
Amount pertaining to policyholders		
- Unclaimed amount of policyholders	4.32	5.13

Reinsurance premium payable	0.08	0.05
Other liabilities	2.62	2.71
Total	16.06	17.78

Sundry creditors represent amounts payable to various service providers towards goods and services availed by the Company along with the provision for the services availed/goods received but bills not received (March 31, 2015: ₹ 5.33 billion; March 31, 2014: ₹ 5.02 billion) and amount payable to counterparties for investment trades where settlement is pending (March 31, 2015: ₹ 1.55 billion; March 31, 2014: ₹ 1.01 billion).

Unclaimed amount of the policyholders includes the following:

- a. Claims settled but not paid due to reasons other than litigation: ₹ 0.01 billion was outstanding at March 31, 2015 (₹ 0.01 billion at March 31, 2014);
- b. Sums due to the insured/policyholders on maturity or otherwise: ₹ 2.12 billion was outstanding at March 31, 2015 (₹ 1.71 billion at March 31, 2014);
- c. Excess collection of premium which is refundable to the policyholders either as terms of conditions of the policy or as per law or as may be directed by the Authority but not refunded so far: ₹ 0.05 billion was outstanding as at March 31, 2015 (₹ 0.07 billion as at March 31, 2014);
- d. Cheques issued but not encashed by the policyholder/insured: ₹ 2.96 billion was outstanding as at March 31, 2015 (₹ 2.54 billion as at March 31, 2014).

Unallocated premium mainly includes premium received in advance which will be recognised as premium income on the due date of the policy amounting to ₹ 1.10 billion (₹ 1.28 billion as at March 31, 2014) and monies received from policyholders' but pending to be allocated on issuance of an insurance policy. It also includes amounts which need to be refunded back to the policyholders on freelook or cancellation of policy and are outstanding in the normal process of refund.

Policyholders' claims payable represent amounts payable to the policyholders for all claims (Death, Survival, etc.) that are intimated to the Company and are outstanding due to pending investigation as a part of the normal claims process or pending due to incomplete documentation from the policyholders.

Agents' balances represents amount payable to advisors towards commission as on the Balance Sheet date. Amount outstanding is mainly attributable to business sourced during the last month of the financial year.

Taxes payable represent tax deducted and payable under Income tax regulations, such taxes will be paid in due course within their due dates.

Other liabilities primarily include ₹ 2.62 billion received towards unit linked contracts on the last day which are transferred to the unit fund subsequently and hence held as a current liability (March 31, 2014: ₹ 2.32 billion).

Provisions

A summary of provisions is provided in the table below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
Proposed dividends	3.00	3.01
Dividend distribution tax	0.51	0.61
Provision for leave encashment and gratuity	0.14	0.15
Total	3.65	3.77

The Board of Directors have proposed a final dividend of ₹ 3.01 billion (FY2014: ₹ 3.00 billion) which would be placed before the Annual General Meeting for approval. Dividend distribution tax is provided for in line with the tax regulations.

Application of Funds

i. Investments

Total investments made by the Company is given below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
Investments		
- Shareholders'	53.53	58.57
- Policyholders'	144.57	188.58
Asset held to cover linked liabilities	603.10	747.78
Total	801.20	994.93

As indicated above, total investments grew by 24.2% from ₹ 801.20 billion as at March 31, 2014 to ₹ 994.93 billion as at March 31, 2015.

The increase in shareholders' investments is largely attributable to the profit generated during the year net of dividend paid to the shareholders'. The increase in policyholders' non-linked funds is largely attributable to net inflows into the fund. In case of the linked assets, the increase is primarily attributable to increase in premium of linked portfolio and the mark-to-market gains during FY2015.

75.2% of total investment assets were held in unit linked funds at March 31, 2015 as against 75.3% at March 31, 2014. Further, of the total assets of ₹ 994.93 billion as at March 31, 2015, 48.0% of the assets were held as equity as against 47.7% at March 31, 2014.

Company's investment policy seeks to address the requirements of risk management relevant to individual lines of business as well as to address policyholders' reasonable expectations. The Company ensures compliance with Insurance Regulatory and Development Authority (Investments) Regulations, 2000, which focus on the safety of the policyholders' money by having a well-diversified quality investment portfolio and transparency in terms of adequate disclosures about the portfolio.

ii. Fixed Assets

A statement of fixed assets is given below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
Gross block	4.40	4.57
Less: Accumulated depreciation	2.43	2.48
Net block	1.97	2.09
Add: Capital work in progress	0.05	0.06
Net fixed assets	2.02	2.15

The increase in the net fixed asset is mainly attributable to improvements to lease hold property, purchase of office equipment/ furniture and fixtures by the Company.

Pursuant to the Companies Act, 2013 and amendment thereof, the Company has reassessed the useful life of its' fixed assets and has aligned it with the useful life specified in Schedule II of the Companies Act 2013, other than for motor vehicles and assets costing upto ₹ 5,000 (Refer note 2.2 of schedule 16 to financial statements).

iii. Deferred tax asset

The Company carried a deferred tax asset of ₹ 0.001 billion as at March 31, 2015 (as at March 31, 2014 ₹ 0.02 billion). The deferred tax asset as at March 31, 2015 represents timing differences between the financial and tax books arising from linked fund for future appropriation. As per Company's assessment, the deferred tax assets would be realised from future taxable income.

iv. Current assets, loans and advances

A summary of current assets, loans and advances is provided in the table below:

Particulars	₹ billion	
	March 31, 2014	March 31, 2015
Income accrued on investments	4.90	6.10
Cash and bank balances	1.93	2.55
Sundry Debtors (Investments)	0.53	1.91
Advance taxes and tax deducted at source	1.55	1.57
Outstanding premium	1.62	1.41
Other advances and receivables	0.48	0.79
Deposits	0.37	0.37
Policyholders' loans	0.12	0.20
Prepayments	0.18	0.18
Total	11.68	15.08

Income accrued on investments represents interest income accrued, however not due for payment as at March 31, 2015. It is mainly on Government securities, debentures and fixed deposits. The increase is attributable to the increase in the debt investments of the Company.

Cash and bank balances represent amounts collected during last few days of the financial year and they also include cheques on hand and cheques deposited but not cleared.

Sundry Debtors (Investments) represents amount receivable from counterparty for trades done on the last few days of the year where settlement is pending.

Outstanding premium represents accrued premium income on traditional products which are within the grace period.

Other advances primarily include advances made in the ordinary course of business for services to be availed in the future.

Deposits represent deposits placed for premises taken on lease for setting up branches as well as for leased accommodations for employees, electricity deposits, telephone and other utility deposits.

Contingent Liability

The contingent liability at March 31, 2015 decreased to ₹ 1.93 billion as against ₹ 1.99 billion as at March 31, 2014. The main item in contingent liability relates to applicability of service tax on surrender/foreclosure charges where the service tax authority has contended that these charges are liable for levy of service tax. The Company's stand is that these charges are penal in nature and no service as such is rendered in lieu of these charges to the policyholders. The matter is under litigation as at March 31, 2015.

III. CONSOLIDATED FINANCIAL RESULTS – SUBSIDIARY PERFORMANCE

The Company has a wholly owned subsidiary, ICICI Prudential Pension Funds Management Company Limited (PFM). The PFM is licensed by the Pension Funds Regulatory and Development Authority as a Pension Fund Manager under the National Pension System (NPS).

Industry

The total assets under management of the industry has grown from ₹ 481.05 billion at March 31, 2014 to ₹ 808.55 billion at March 31, 2015.

The AUM excluding government sector and NPS Lite, where the Company has presence, grew from ₹ 10.82 billion at March 31, 2014 to ₹ 20.11 billion at March 31, 2015.

The PFRDA had proposed to select and appoint afresh eight Pension Funds to manage the pension assets of the Private Sector NPS through competitive bidding. The lowest bid for Investment Management Fees was 0.01% per annum on assets under management. As required by the terms and conditions of the bidding process, the parent Company has accepted the lowest bid and accordingly has been appointed as Sponsor of Pension Fund by PFRDA for the period of five years. The investment management fee has been revised from 0.25% p.a. to 0.01% p.a. with effect from August 01, 2014.

Business

PFM had a total subscriber base of 30,158 at March 31, 2015 (at March 31, 2014: 22,843) and funds under management of ₹ 3.69 billion at March 31, 2015 (₹ 1.77 billion at March 31, 2014). During the year the PFM added 7,315 subscribers (previous year 11,353 subscribers). The PFM held 18.35% share in assets under management of the industry (excluding government sector and NPS Lite) at March 31, 2015 (March 31, 2014: 16.33%).

The net worth of PFM at March 31, 2015 is ₹ 0.26 billion (at March 31, 2014 ₹ 0.26 billion). For the year ended March 31, 2014 the PFM registered a profit of ₹ 0.001 billion (previous year: loss of ₹ 0.01 billion). The profit is attributable to the realisation of gain of ₹ 0.01 billion from investment in mutual funds. The PFM continues to make operating loss (₹ 0.03 billion; previous year: ₹ 0.03 billion). The current operations of the PFM are not material in context of overall profit of the Company.

Consolidation basis

The consolidated financial statements are prepared in accordance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014, section 129(4) of the Companies Act, 2013. The financials are consolidated on a line-by-line basis in accordance with AS 21 on 'Consolidated Financial Statements'.

ENTERPRISE RISK MANAGEMENT

ENTERPRISE RISK MANAGEMENT

The Company recognises that risk is an integral element of the business and managed acceptance of risk is essential for generation of shareholder value. The Company's acceptance of risk is dependent on the return on risk-adjusted capital and consistency with its strategic objectives. Having accepted a risk, the Company may cede or hedge it where this is cost-effective. In general therefore, the Company's control procedures and systems are designed to manage risk, rather than eliminate it. However, at certain times, there may also exist some risks for which the Company has no tolerance and which are actively avoided.

The Company has in place a risk management framework with the following aims:

- Determining the risk profile of the Company i.e. the aggregate level of risks that the Company has undertaken in pursuit of profitable business.
- Identification, measuring, monitoring and control of risk for the purpose of protecting the interests of key stakeholders.
- Enhancing the Company's ability to identify and pursue opportunities that offer attractive risk-adjusted returns by providing transparent, accurate and timely risk information.
- Embedding risk-based decision making in key management processes and fostering a culture of risk awareness.
- Limiting the Company's exposure to adverse outcomes through risk limits.
- Ensuring compliance with regulatory requirements.

- Focusing on ensuring that it possesses the appropriate capabilities and experience in managing and transferring risks.
- Minimising reputational risk.

RISK GOVERNANCE FRAMEWORK

The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Executive Risk Committee (ERC) and its supporting committees.

The risks faced by the Company are classified into market, credit, liquidity, insurance and operational risks. The risk management model of the Company comprises a four-stage continuous cycle, namely the identification and assessment, measurement, monitoring and control of risks.

The Board approved risk policy ("the Policy") details identification, measurement, monitoring and control standards relating to the various individual risks. The Policy covers aspects related to:

- Financial Risk Management or Asset Liability Management ('ALM'): covering market risk, credit risk, liquidity risk and insurance risk.
- Operational Risk Management

In addition to the above, the Board has approved the following policies that assist in managing some of the above risks:

- Reinsurance Policy
- Underwriting Policy
- Outsourcing Policy
- Fraud Prevention Policy

This framework in conjunction with the three lines of defense helps the Company manage risk. The key responsibilities of each line are laid out below:

1. Risk Identification

The Company identifies its risk exposures through a variety of techniques and processes, including:

1. Stress testing of the current financial condition of the Company. Risk may be identified by reference to the Embedded Value¹ (EV) or to the statutory position of the Company.
2. Product development process by way of analysis of the sensitivity of profit margins and of profit signatures to market and insurance risks. Any liquidity or operational risk arising out of the new product or modification of existing product is assessed prior to product launch.

3. Business planning process by way of analysis of the sensitivity of the projected solvency and emergence of profit to market and insurance risks.
4. Tracking of key liquidity risk indicators.
5. Risk and Control Self-Assessment (RCSA) to identify and assess operational risks in terms of their likelihood and impact by each business unit within the Company. The RCSA should be done with due cognizance to any loss events or audit findings.

¹ The Embedded Value of the Company is the present value of shareholders' interests in the earnings distributable from assets allocated to the covered business after sufficient allowance for the aggregate risks in the covered business.

2. Risk Measurement

The Company uses the following approaches to measure its risk exposure.

1. Risk to the EV: Value at Risk (VaR) of the EV is an appropriate measure of risk exposure for market, credit and insurance risks. The VaR is measured by calculating the reduction in the EV under extreme economic and non-economic scenarios. The stresses are benchmarked to European Insurance and Occupational Pensions Authority (EIOPA) standards as they develop, subject to appropriate adjustments for local conditions and the Company’s stage of development.
2. Risk to the growth of the EV: In addition to the risk to the current EV, the Company also considers risks that impede future growth of the EV like insufficient new business profit growth and overrun in acquisition or renewal expenses, caused by adverse deviation of actual unit costs from planned unit costs.
3. Risk to the statutory position: The Company considers the impact of market risk on its statutory position and assess the quality of its ALM by performing a resilience test periodically on the quasi-regulatory balance sheet. The quasi-regulatory balance sheet is obtained by marking to market the assets on the regulatory balance sheet. The liabilities are determined with reference to the market value of assets and by preserving the margins for adverse deviation in accordance with applicable regulation and professional guidance. The quasi-regulatory balance sheet is subjected to economic shocks and the solvency ratios and free assets under the stress scenarios monitored.
4. Key Risk Indicators (KRIs) and loss data for operational risk.
5. Liquidity Ratio of its highly liquid assets to its near term liabilities, after allowing for any constraint on the fungibility of its assets.

3. Risk Monitoring

The ERC reviews all the risks and present a risk report to the BRMC on a quarterly basis. The BRMC may inform the Board of the key findings at its discretion.

Based on the Board reports, representatives of promoter shareholders may consider the risks to their respective operations.

4. Risk Control

Identified risk are managed by one or more of the following techniques

- Retention (acceptance),
- Avoidance,
- Transfer or,
- Reduction (mitigation).

The nature of the controls implemented and the level of control exercised are based upon the:

- Potential severity of the risk;
- Frequency of the risk occurring;
- Cost of implementing controls relative to the significance of the risk; and
- Risk Appetite.

(a) Market risk:

- Launching new products can significantly alter the risk profile of the Company’s balance sheet. Market risks inherent in the new products or significant modifications to existing products are identified at the product design stage and a risk report placed before the ERC. The products are launched only after approval by the ERC.
- Asset Liability Management (ALM): Asset-liability management involves minimising the risk due to mismatches in assets and liabilities.

Mismatches could arise either due to asymmetric changes in the value of assets and liabilities as a consequence of changes in macroeconomic factors such as interest rates, or due to asynchronous cash inflows and outflows. The Company has developed detailed investment specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the Investment Specifications specify limits to permissible exposures to various asset classes along with duration guidelines for fixed income instruments. The Investment Specifications are designed appropriately to achieve the risk versus return objectives and policyholders’ reasonable expectations while maintaining the risk within the Company’s risk appetite and with due consideration of regulatory requirements. The mitigation strategies for different portfolios are as follows:

i. Category 1: Participating and non-participating endowment business

For these funds the Company’s asset allocation strategy, which includes investments in equities, is designed to achieve the twin objectives of managing risks arising from guarantees and optimising policyholder returns, subject to regulatory constraints. Asset Liability Management (ALM) is done through regular monitoring of the equity backing ratio and debt duration against limits as applicable. The bonus declaration mechanism for participating products also helps in the smoothing of the volatility of the investment returns.

ii. Category 2: Other conventional business – Annuity, Non Par Investment, Non-unit of unit linked business, Protection and Paid up fund of participating products

The liabilities for these lines of business are obligations to policyholders or to meet expenses and have to be met either at a fixed time or on the occurrence of a contingency. The Company manages the risk on such products by investing only in fixed income instruments. ALM is done by managing the duration gap between assets and liabilities. In addition, for certain products a cash flow matching strategy is used.

iii. Category 3: Linked products with return and capital guarantee – Universal Life funds and Return Guarantee Funds

The Company uses a mix of stochastic and deterministic approaches to calculate the cost for providing the guarantee and holds a reserve on this account. The Company manages the investment risk arising from these products by setting limits on the equity backing ratio and debt duration.

iv. Category 4: Linked products without guarantees

The linked portfolio without guarantees has minimal investment risk to the solvency of the Company. These funds are managed with respect to an appropriate benchmark index and do not require any active ALM.

(b) Credit risk: The Company manages the credit risk of its investments through the following measures:

- i. Exposure limits for companies, groups and industries in accordance with IRDA norms and limits as per its own Investment Policy;
- ii. Restricting investments primarily to securities rated AA and above
- iii. Engagement with select and financially sound reinsurers as per internal guidelines for reinsurance. The credit risk on reinsurance contracts are reviewed when the Company plans to enter into a relationship with a new reinsurer, or in case of significant events like credit rating downgrades of existing reinsurers.
- iv. Approved counter-parties are used to minimise settlement risk

(c) Liquidity risk: The Company faces limited liquidity risk due to the nature of its liabilities. The Company has put the following mitigants in place:

- i. The Investment Specifications as a part of the asset-liability management framework provide guidelines to manage liquidity risk by specifying the minimum investment in highly liquid assets, taking account of constraints on the fungibility of assets among funds, and by specifying cashflow matching for certain funds.
- ii. The Company has a liquidity contingency plan, which addresses the following
 - a. Identifying mitigants to liquidity stress arising out of contingencies;
 - b. Communication and action protocol; and
 - c. Restoring normality in the event of any contingency.
- iii. New products are launched only after approval by the ERC.

The ERC also evaluates the impact of market liquidity on any hedging or asset allocation strategy required by the product.

(d) Morbidity and Mortality risk: The Company uses the following approaches to manage its mortality and morbidity risk:

- i. **Product approval process:** Launching new products can significantly alter the risk profile of the Company's balance sheet. Insurance risks inherent in the new products or significant modifications to existing products are identified at the product design stage and products are launched only after approval by the ERC.
- ii. **Reinsurance:** The Company uses appropriate reinsurances arrangements, including catastrophe reinsurance, to manage insurance risk. The Company's reinsurance exposures are considered and approved by the ERC periodically.
- iii. **Repricing:** The Company also reserves the right to review risk charges, in case of adverse experience, with IRDAI approval.
- iv. **Underwriting and claims controls:** Underwriting and claims policies and procedures are in place to assess and manage the risks. The Company conducts periodic reviews of both underwriting and claims procedures.
- v. **Experience analysis:** The Company conducts its experience analysis regularly to ensure that corrective action can be initiated at the earliest opportunity and that assumptions are in line with experience.

(e) Persistency risk: The Company uses the following approaches to manage the risk:

- i. **Experience analysis:** The Company conducts its experience analysis regularly to ensure that corrective action can be initiated at the earliest opportunity and that assumptions used in product pricing and embedded value reporting are in line with experience.
- ii. **Product features:** The Company uses features like loyalty bonuses and additional allocation of units to encourage policyholders to continue with the policy.
- iii. **Service initiatives:** The Company uses a combination of proactive and reactive interventions to manage persistency. The interventions could include attaching direct debit or ECS mandates at new business stage, sending communication via different media like email to customers and distributors and reminders and telephonic interviews with customers.
- iv. **Aligning key performance indicators:** The Company uses different key performance indicators for different levels of hierarchy in sales and operations to align interests and ensure adequate focus on persistency.

(f) Expense risk: The Company uses the following approaches to manage the risk:

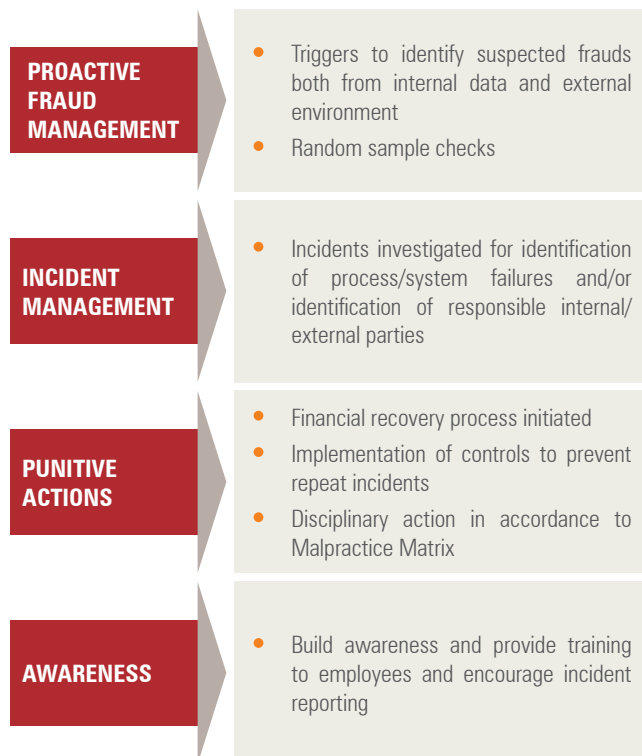

- i. **Experience analysis:** The Company actively monitors its expense levels, which are then fed back into new product pricing, calculation of

reserves and management reporting. In case of any adverse deviations between actual unit costs and planned unit costs, mitigation measures are taken.

- ii. **Aligning key performance indicators:** The Company uses different key performance indicators to align interests and ensure adequate focus on expense.

(g) Operational risk: The Company uses the following approaches to manage the risk:

- i. Mitigation plans are developed for high risk items identified by conducting Risk & Control self-assessment (RCSA) or through loss events.
- ii. The Company actively promotes a risk awareness culture by improving the understanding through communication and education amongst management, employees, contractors and vendors. Appropriate training material is developed and cascaded to improve knowledge and promote a strong operational risk practice. Further, Risk champions have been nominated across various functions who support the Risk management teams to identify risks and create an awareness culture within such functions.
- iii. The company also has in place policies to manage operational risk like Whistle-blower policy, Code of Business Conduct and Ethics for directors / employees, Code of Conduct for Prevention of Insider trading, Anti Money Laundering and Counter financing of Terrorism policy and Anti Bribery Policy.
- iv. The Company periodically evaluates the purchase of insurance to mitigate operational risk.
- v. **Fraud Management:** The following approach has been adopted to prevent fraud:

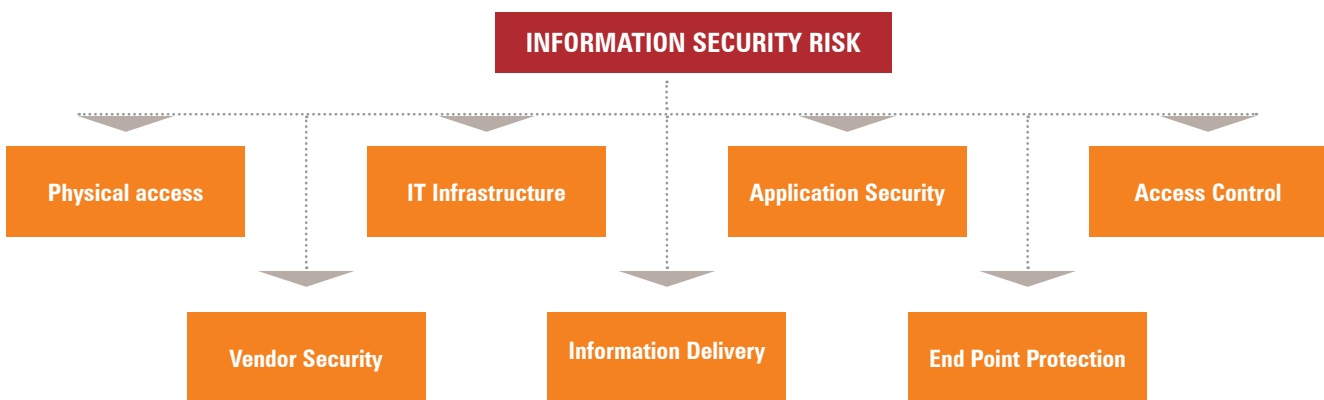

vi. **Outsourcing Risk:** Processes of the Company are outsourced, where it is convinced of the advantages by entering in such arrangements, as permitted under the regulatory guidelines. As per the guidelines only non-core or specified supporting core activities can be outsourced. The Company has an Outsourcing policy and it follows the below operating framework for the required due diligence for any new activity or vendor empanelment. The Company has constituted an Outsourcing Committee which oversees the compliance to the regulation.

vii. **Business Continuity Management (BCM):** The Company has a Business Continuity Management (BCM) framework to ensure resilience and continuity of key products and services at minimum acceptable level to achieve business-as usual presence in the market place and safety of human resources. The key BCM objectives and the framework are depicted below:

viii. **Information Security:** The Company has an information security framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organisation and business information is protected adequately through appropriate controls and proactive measures. The Company aims to reduce risks of unauthorised access, modification, sharing or destruction of data, service disruption. Access rights are role-based and a system-based authority matrix is used to govern the same. All IT applications are periodically assessed for security vulnerabilities.

MANAGEMENT REPORT

for the year ended March 31, 2015

In accordance with the Insurance Regulatory and Development Authority of India ('IRDAI') (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002, the following Management Report is submitted for the financial year ended March 31, 2015:

1. CERTIFICATE OF REGISTRATION

The Certificate of Registration under Section 3 of the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015) granted by IRDAI on November 24, 2000 is valid at March 31, 2015 and as on the date of this report.

2. STATUTORY LIABILITIES/DUES

We hereby certify that all dues payable to the statutory authorities have been duly paid except those under dispute or disclosed under contingent liabilities.

3. SHAREHOLDING PATTERN

We hereby confirm that the shareholding pattern of the Company and any transfer of shares during the year are in accordance with statutory requirements.

There was no capital infusion by the promoters during the year.

The Company has allotted 2,461,304 shares (FY2014: 316,438 shares) during the year under the Employees Stock Option Scheme.

The shareholding pattern of the Company was as follows:

Particulars	At March 31, 2015	At March 31, 2014
ICICI Bank Limited	73.71%	73.84%
Prudential Corporation Holdings Limited	25.90%	25.94%
Others	0.39%	0.22%

4. INVESTMENTS OUTSIDE INDIA

We hereby declare that no investments, directly or indirectly have been made outside India from the funds of the holders of policies issued in India.

5. SOLVENCY MARGIN

We hereby confirm that the Company has maintained adequate assets to cover both its liabilities and required solvency margin as prescribed under Section 64VA of the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015) and the IRDA (Assets, Liabilities and Solvency Margin of Insurers) Regulations, 2000.

The actual solvency ratio as compared to required minimum solvency ratio of 150% is as below:

Particulars	March 31, 2015	March 31, 2014
Actual solvency ratio	336.9%	372.3%

6. VALUATION OF ASSETS IN THE BALANCE SHEET

We certify that the values of all assets have been reviewed on the date of the Balance Sheet and to best of our knowledge and belief the assets

set forth in the Balance Sheets are shown in the aggregate at amounts not exceeding their realisable or market value under the several headings – "Loans", "Investments", "Agents Balances", "Outstanding Premiums", "Interest, Dividend and Rents outstanding", "Interest, Dividends and Rents accruing but not due", "Amounts due from other persons or Bodies carrying on insurance business", "Sundry Debtors", "Cash" and items specified under "Other Accounts" except debt securities held in non-linked and shareholder funds.

As required by IRDA (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations 2002, all debt securities and redeemable preference shares made from Policyholders' non-linked funds and Shareholders' funds are considered as 'held to maturity' and accordingly measured at historical cost, subject to amortisation of premium or accretion of discount.

The book value and the market value of these investments is as follows:

	(₹ '000)			
	March 31, 2015		March 31, 2014	
	Balance Sheet value	Market value	Balance Sheet value	Market value
Debt investments in non-linked and shareholder funds	207,503,020	215,585,397	166,432,925	160,597,928

We certify that no part of the life insurance fund has been directly or indirectly applied in contravention of the provisions of the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015), relating to the application and investments of the life insurance funds.

8. OVERALL RISK EXPOSURE AND STRATEGY ADOPTED TO MITIGATE THE SAME

The Company recognises that risk is an integral element of the business and managed acceptance of risk is essential for the generation of shareholder value. The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Executive Risk Committee (ERC) and its sub-committees. The Board approved risk policy details identification, measurement, monitoring and control standards relating to the various individual risks, namely investment (market, credit and liquidity), insurance and operational risks.

8.1. Investment risk

Investment risk is the risk arising out of variations in the level or volatility of market prices of assets and financial instruments, including the risk arising from any mismatch between assets and liabilities, due to external market and economic factors. The Company faces limited liquidity risk due to the nature of its liabilities. The key mitigation approaches for this risk are as follows:

- (a) **Product approval process:** Launching new products can significantly alter the risk profile of the Company's Balance Sheet. Investment risks inherent in the new products or significant

modifications to existing products are identified at the product design stage and products are launched only after approval by the ERC.

- (b) **Asset Liability Management (ALM):** The Company has detailed Investment Specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the Investment Specifications specify limits to permissible exposures to various asset classes, duration guidelines for fixed income instruments and minimum investment in liquid assets.
- (c) Exposure limits have been defined for companies, groups and industries in accordance with IRDAI guidelines and the Company's internal Investment Policy. The Company restricts investments primarily to securities rated AA and above.
- (d) The Company has a liquidity contingency plan in place.

8.2. Insurance Risk

Insurance risk is the risk arising because of mis-estimation of the best estimate or because of random fluctuations in the frequency, size and timing of insurance liabilities. Insurance risk is composed of the following components: mortality, morbidity, persistency and expense risk. These risks are mitigated through:

- (a) **Product approval process:** Insurance risks inherent in the new products or significant modifications to existing products are identified at the product design stage and products are launched only after approval by the ERC. The Company in its product design incorporates product features and uses appropriate policy wordings to mitigate insurance risk.
- (b) **Reinsurance:** The Company uses appropriate reinsurances arrangements, including catastrophe reinsurance, to manage insurance risk. The arrangements are with select and financially sound reinsurers. The Company's reinsurance exposures are considered and approved by the ERC periodically.
- (c) **Underwriting and claims controls:** Underwriting and claims policies and procedures are in place to assess and manage mortality and morbidity risks. The Company seeks to minimise these risks by diversifying its business portfolio and adhering to appropriate and segmented underwriting norms. The Company conducts periodic reviews of both underwriting and claims procedures.
- (d) **Experience analysis:** The Company conducts its experience analysis regularly to ensure that corrective action can be initiated at the earliest opportunity and that assumptions used in product pricing, reserving and embedded value reporting are in line with experience. The Company actively monitors its claims experience, persistency levels and expense ratios.
- (e) **Aligning key performance indicators:** The Company uses appropriate key performance indicators for different levels of hierarchy in sales and operations to align interests and ensure adequate focus on insurance risk specially, persistency and expense.

8.3. Operational risk:

Operational risk is the risk of loss, resulting from inadequate or failed internal processes, people and systems, or from external events.

The Company uses the following approaches to manage the risk:

- (a) The Company develops and monitors mitigation plans for high risk

items identified through the Risk Control Self-Assessment (RCSA) done by each business function or loss events or audit findings.

- (b) The Company actively promotes a risk awareness culture by improving understanding through communication and education amongst management, employees, contractors and vendors.
- (c) **Use of insurance:** The Company periodically evaluates the purchase of insurance to mitigate operational risk.
- (d) **Fraud Management:** The Company follows both a proactive and reactive approach to manage fraud. Proactive management is done by using triggers to identify suspected frauds and through random sample checks. Reactive management is done through incident management. Investigation is done for identification of process/system failures and/or identification of responsible internal/external parties. The Company ensures implementation of controls to prevent repeat incidents, financial recovery process and disciplinary action against involved employees in accordance to Malpractice Matrix.
- (e) **Outsourcing Risk:** Processes of the Company are outsourced as permitted under the regulatory guidelines. The Company carries out required due-diligence for any new activity or vendor empanelment.
- (f) **Business Continuity Management (BCM):** The Company has a BCM framework to ensure resilience and continuity of key products and services at minimum acceptable level to achieve business-as usual presence in the market place and safety of human resources. This includes systems and processes including use of disaster recovery sites and business continuity drills for critical processes.
- (g) **Information Security:** The Company has an information security framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organization.

Whistle-blower policy that facilitates reporting of observed breaches. Employee Code of Conduct that is laid out with a malpractice matrix prescribing disciplinary action including caution, deterrent action and termination based on the nature and seriousness of non-compliant behaviour.

9. OPERATIONS ABROAD

The Company has representative offices in the Kingdom of Bahrain and the United Arab Emirates. These representative offices do not contract liability overseas and all the policies are underwritten and issued in India.

11. VALUATION OF INVESTMENTS

11.1. Non-linked investments

We hereby certify that as prescribed under the IRDA (Preparation of Financial Statements and Auditor’s Report of Insurance Companies) Regulations 2002, all debt securities including government securities and redeemable preference shares made from Policyholders’ non-linked funds and Shareholders’ funds are considered as ‘held to maturity’ and accordingly measured at historical cost, subject to amortisation of premium or accretion of discount over the remaining period of maturity/holding based on Yield to Maturity (effective interest rate method).

Money market instruments are valued at historical cost, subject to accretion of discount over the remaining period till maturity based on effective interest rate method.

Listed equity shares at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited (‘NSE’) (in case the securities are not listed on NSE, the last quoted

closing price on the BSE Limited (‘BSE’) is used). Unlisted equity shares are stated at historical cost. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued at the latest available net asset values of the respective fund.

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to the “Fair Value Change Account” in the Balance Sheet.

Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once in every three years. The change in carrying amount of investment property is taken to “Revaluation reserve” in the Balance Sheet.

Investments in venture fund units are valued at historical cost.

Instruments bought on ‘reverse repo’ basis are valued at cost plus interest accrued on reverse repo rate.

Fixed deposits with banks are valued at cost.

11.2. Linked investments

We certify that the investments in linked business are valued on mark-to-market basis.

Central and State government securities are valued as per the valuation price provided by CRISIL Limited (‘CRISIL’).

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by the CRISIL Limited (‘CRISIL’) on daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining term of the instrument.

Money market instruments are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

Listed equity shares are valued at market value, being the last quoted closing price on the NSE (in case of securities not listed on NSE, the last quoted closing price on the BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued at the latest available net asset values of the respective fund.

Venture fund units are valued at the latest available net asset value of the respective fund.

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date.

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date.

The securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL.

Instruments bought on 'reverse repo' basis are valued at cost plus interest accrued on reverse repo rate.

Unrealised gains and losses are recognised in the Revenue account as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.

Fixed deposits with banks are valued at cost.

12. REVIEW OF ASSET QUALITY AND PERFORMANCE OF INVESTMENTS

All investments are made in accordance with the regulatory norms, Investment Policy, fund objectives of unit linked funds, asset liability management guidelines and risk profile of the respective fund.

INDEPENDENT AUDITORS' REPORT

To the Members of

ICICI Prudential Life Insurance Company Limited

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of ICICI Prudential Life Insurance Company Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the related Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Profit and Loss Account (also called the "Shareholders' Account" or "Non-Technical Account") and the Receipts and Payments Account for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the Balance Sheet, the related Revenue Account, the Profit and Loss Account and the Receipts and Payments Account of the Company in accordance with accounting principles generally accepted in India, including the provisions of the Insurance Act, 1938 (the "Insurance Act") (amended by the Insurance Laws (Amendment) Act, 2015), the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") in this regard, and the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, the relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such internal controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required in accordance the Insurance Act, the IRDA Act, the IRDA Financial Statements Regulations and the Act to the extent applicable and in the manner so required, and give a true and fair view in conformity with the accounting principles generally accepted in India, as applicable to Insurance Companies:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;
- (b) in the case of Revenue Account, of the net surplus for the year ended on that date;
- (c) in the case of Profit and Loss Account, of the profit for the year ended on that date; and
- (d) in the case of the Receipts and Payments Account, of the receipts and payments for the year ended on that date.

OTHER MATTER

The actuarial valuation of liabilities for life policies in force is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2015 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory Development Authority of India ("IRDAI" / "Authority") and the Institute of Actuaries of India in concurrence with the Authority. We have relied upon Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists on standalone financial statements of the Company.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the IRDA Financial Statements Regulations, we have issued a separate certificate dated April 24, 2015 certifying the matters specified in paragraphs 3 and 4 of Schedule C to the IRDA Financial Statements Regulations.
2. As required by the IRDA Financial Statements Regulations, read with section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of the audit;
 - (b) In our opinion and to the best of our information and according to the explanations given to us, proper books of account as required by law have been kept by the Company, so far as appears from our examination of those books;
 - (c) The Balance Sheet, the Revenue Account, the Profit and Loss Account and the Receipts and Payments Account dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and with the accounting principles as prescribed in the IRDA Financial Statements Regulations and orders / directions issued by IRDAI in this regard;
- (e) In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the Regulations and / or orders / directions issued by IRDAI in this regard;
- (f) On the basis of written representations received from the Directors of the Company, as on March 31, 2015 and taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2015 from being appointed as a Director in terms of Section 164 (2) of the Act.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer schedule 16 note 3.43 to the financial statements;

INDEPENDENT AUDITORS' CERTIFICATE

To,
The Board of Directors,
ICICI Prudential Life Insurance Company Limited,
ICICI Pru Life Towers,
1089, Appasaheb Marathe Marg,
Prabhadevi,
Mumbai -400 025.

Dear Sirs,

[Ref: Certificate in accordance with the Regulation 13 (D) (7) of the IRDA (Investment) (5th Amendment) Regulations ("the Regulations"), 2013]

1. At the request of ICICI Prudential Life Insurance Company Limited ('the Company'), we have performed the procedures stated in paragraph 2 below, for the purpose of issuing a certificate in connection with the Regulations, regarding the declaration of the Net Asset Value ('NAV') of the schemes of the Company as at March 31, 2015.
2. In this connection, we have performed the following procedures:
 - a) Obtained representation from the management that the Company has declared March 31, 2015 as a business day for accepting application forms and that it has declared NAV for March 31, 2015;
 - b) Obtained the list of applications for New Business, Renewal premium, Top up, Surrender, Free – Look Cancellation, Fund Switches, Withdrawal, and Partial Withdrawal in respect of Unit Linked Products on March 31, 2015 (together referred to as "Application Forms"), from the Management;
 - c) Selected samples of Application Forms from the listing mentioned in paragraph 2(b) above and verified whether:
 - i) The applications received on Tuesday, March 31, 2015, upto 3.00 p.m. have been appropriately stamped; and the NAV of March 31, 2015 is applied for such applications for the selected samples; and
 - ii) The applications received on Tuesday, March 31, 2015, after 3.00 p.m. have been appropriately stamped; and the NAV of April 1, 2015 is applied for such applications for the selected samples.
3. The compliance with conditions stated in the circular is the responsibility of the Company's management. Our responsibility is to perform the above-mentioned procedures on the particulars and

state our findings. We performed the above-mentioned procedures, in accordance with the Guidance Note on Audit Reports and Certificates for Special Purposes issued by the Institute of Chartered Accountants of India ("ICAI"). The above-mentioned procedures include examining evidence supporting the particulars on a test basis. Further, our scope of work did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole. We have not performed an audit, the objective of which would be the expression of an opinion on the financial statements, specified elements, accounts or items thereof, for the purpose of this certificate. Accordingly, we do not express such opinion.

4. Based on the procedures performed by us, as mentioned in paragraph 2 above, according to the information and explanations provided to us and representation by the Company's management, we confirm that:
 - (a) The Company had declared March 31, 2015 as a business day for accepting proposal forms;
 - (b) The Company has declared NAV for March 31, 2015;
 - (c) The applications received on Tuesday, March 31, 2015 upto 3.00 p.m. have been stamped as such and that the NAV of March 31, 2015 is applied for proposals received upto 3.00 p.m.; and
 - (d) The application received on Tuesday, March 31, 2015 after 3.00 p.m. have been stamped as such and that the NAV of next financial year i.e. April 01, 2015 is applied for proposal received after 3.00 p.m.
5. The concurrent auditors of the Company, M/s. Maheshwari and Associates, Chartered Accountants have issued a certificate dated April 20, 2015 confirming the compliance with requirements of Regulation 13 (D) (5) of the Regulations. We have read the certificate and found the same to be in order.
6. This certificate is issued at the request of the Company solely for use of the Company for inclusion in the annual accounts as per Regulation 13 (D) (7) of the Regulations and is not intended to be used or distributed for any other purpose. We have no responsibility to update this certificate for events and circumstances occurring after the date of this certificate.

SCHEDULE - 16**Significant accounting policies and notes forming part of the financial statements for the year ended March 31, 2015****1. Corporate Information**

ICICI Prudential Life Insurance Company Limited ('the Company') is a joint venture between ICICI Bank Limited and Prudential Corporation Holdings Limited, was incorporated on July 20, 2000 as a Company under the Companies Act, 1956 ('the Act'). The Company is licensed by the Insurance Regulatory and Development Authority of India ('IRDAI') for carrying life insurance business in India. The license has been renewed and is in force as at March 31, 2015.

The Company carries on business of providing life insurance, pensions and health insurance to individuals and groups. Riders providing additional benefits are offered under some of these products. The business is conducted in participating, non-participating and unit linked lines of businesses. These products are distributed through individual agents, corporate agents, banks, brokers, the Company's proprietary sales force and the Company website.

2. Summary of significant accounting policies**2.1. Basis of preparation**

The accompanying financial statements are prepared and presented under the historical cost convention, unless otherwise stated, and on accrual basis of accounting, in accordance with accounting principles generally accepted in India (Indian GAAP). The company has prepared the financial statements in compliance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 and in accordance with the provisions of the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015), Insurance Regulatory and Development Authority Act, 1999, and the regulations framed thereunder, various circulars issued by the IRDAI and the practices prevailing within the insurance industry in India. Accounting policies applied have been consistent with previous year except for the change in accounting policy as explained below:

Amortisation of debt investments

The Company till year ended March 31, 2014, was following an accounting policy of recognizing the amortisation of premium or accretion of discount on debt securities over the remaining period to maturity on a straight line basis.

During the year ended FY 2015, the basis of amortization of premium or accretion of discount has been changed from Straight Line Method to Yield to Maturity (effective interest rate method) over the remaining period to maturity. The company has applied the change in accounting policy with retrospective effect.

Management believes that by amortizing the discount at the market interest rate, a company's accounting statements more closely reflect the economic reality of the securities invested.

Due to change in method of amortisation, income and corresponding value of investment is lower by ₹ 294,846 thousand, as detailed below at segment level.

	(₹ '000)
Segment	Amount
Par Life	93,157
Par Pension	17,392
Non Par	49,946
Annuity Non Par	34,146
Health	2,191
Linked Life	17,631
Linked Pension	6,020
Linked Health	75
Linked Group	6,685
Shareholders	67,602
Total	294,846

Had the company continued straight line basis of amortization, profit before tax would have been higher by ₹ 159,803 thousand. Similarly, profit after tax would have been higher by ₹ 159,803 thousand. Consequently Company's basic and diluted earnings per share would have been ₹ 11.54 and ₹ 11.52 respectively.

2.2. Use of estimates

The Company's management makes estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities, and disclosures relating to contingent liabilities as on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively. The significant change in estimate is given below:

Depreciation on fixed assets

Till the year ended 31 March 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. The applicability of Schedule II has resulted in the following changes related to depreciation of fixed assets.

Till the year ended 31 March 2014, depreciation rates prescribed under Schedule XIV were treated as minimum rates and the Company was not allowed to charge depreciation at lower rates even if such lower rates were justified by the estimated useful life of the asset. Schedule II to the Companies Act 2013 prescribes useful lives for fixed assets which, in many cases, are different from lives prescribed under the erstwhile Schedule XIV. However, Schedule II allows companies to use higher/ lower useful lives and residual values if such useful lives and residual values can be technically supported and justification for difference is disclosed in the financial statements. Pursuant to the Companies Act, 2013 and amendment thereof, the Company has reassessed the useful life of its' fixed assets and has aligned it with the useful life specified in Schedule II of the Companies Act 2013, other than for motor vehicles and assets costing upto ₹ 5,000.

Had the Company continued its earlier policy of depreciation, the profit after tax would have been higher by ₹ 40,938 thousand. The carrying value of assets as on April 1, 2014 is being depreciated over the revised remaining useful life.

Schedule II of the Companies Act 2013 specifies the useful life of eight years for motor vehicle. As per Company policy, the motor vehicle is transferred to employee on completion of five years or at written down value (WDV) in case of separation of employee before five years. Accordingly, the Company has depreciated the motor vehicle over five years. Assets costing upto ₹ 5,000 are considered to be immaterial in value and hence fully depreciated in the year of acquisition.

2.3. Revenue recognition

2.3.1. Premium income

Premium for non-linked policies is recognised as income when due from policyholders. For unit linked business, premium is recognised as income when the associated units are created.

Premium on lapsed policies is recognised as income when such policies are reinstated.

Products having regular premium paying plans with limited premium payment term and/or pre-determined policy term are treated as regular business with due classification of premium into first year and renewal. Premium income on products other than aforesaid is classified as single premium.

Top up premiums paid by unit linked policyholders' are considered as single premium and recognised as income when the associated units are created.

2.3.2. Reinsurance premium ceded

Reinsurance premium ceded is accounted in accordance with the terms and conditions of the relevant treaties with the reinsurer. Profit commission on reinsurance ceded is netted off against premium ceded on reinsurance.

2.3.3. Income from investments

Interest income on investments is recognised on accrual basis. Amortisation of premium or accretion of discount on debt securities is recognised over the remaining term of such instruments on the basis of effective interest rate method.

Dividend income, in respect of other than unit linked business, is recognised when the right to receive dividend is established. Dividend income, in respect of unit linked business, is recognised on the 'ex-dividend date'.

Fees received on lending of equity shares under Securities Lending and Borrowing scheme (SLB) is recognised as income over the period of the lending on a straight-line basis.

Lease rentals on investment property is recognised on accrual basis and include only the realised rent and does not include any notional rent, as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002. Costs related to operating and maintenance of investment property are recognised as expense in the Revenue Account.

Profit or loss on sale/redemption of debt securities for other than unit linked business is the difference between the sale consideration net of expenses and the weighted average amortised cost as on the date of sale. Profit or loss on sale/redemption of debt securities for unit linked business is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale.

Profit or loss on sale/redemption of equity shares and mutual fund units is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale. In respect of other than unit linked business, the profit or loss includes the accumulated changes in the fair value previously recognised under "Fair Value Change Account".

2.3.4. Income from unit linked policies

Income from unit linked policies, which includes fund management charges, policy administration charges, mortality charges and other charges, if any, are recovered from the unit linked funds in accordance with terms and conditions of policies issued and are recognised when due.

2.3.5. Fees and charges

Interest income on loans is recognised on an accrual basis. Fees and charges include policy reinstatement fee and loan processing fee which are recognised on receipt basis.

2.4. Acquisition cost

Acquisition costs are costs that vary with and are primarily related to acquisition of insurance contracts and are expensed in the period in which they are incurred.

2.5. Employee benefits

2.5.1. Short term employee benefits

All employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, bonuses, short term compensated absences and other non-monetary benefits are recognised in the period in which the employee renders the related service. All short term employee benefits are accounted on undiscounted basis.

2.5.2. Long term employee benefits: Post-employment

The Company has both defined contribution and defined benefit plans.

Defined contribution plan

The Company has a defined contribution scheme for Superannuation for its employees. Contributions to the Superannuation scheme are made on a monthly basis, when due, and charged to Revenue account and Profit and Loss account, as applicable. The expenses are booked on an undiscounted basis. The Company has no further obligation beyond the monthly contribution. The scheme is managed by ICICI Prudential Life Insurance Company Limited Superannuation Scheme.

Defined benefit plans

Gratuity and Provident fund are defined benefit obligations.

Gratuity: The gratuity benefit payable to the employees of the Company is as per the provisions of the Payment of Gratuity Act, 1972 or the Company's gratuity plan, whichever is higher. The gratuity liability of the Company is actuarially determined at each Balance Sheet date using projected unit credit method.

The Company contributes towards net liabilities to ICICI Prudential Life Insurance Company Limited Employees' Group Gratuity Cum Life Insurance Scheme.

The Company recognises the net obligation of the Scheme in Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15 (revised 2005), 'Employee benefits'. The discount rate used for estimation of liability is based on Government securities yield. Gain or loss arising from change in actuarial assumptions/experience adjustments is recognised in the Revenue account and Profit or Loss account for the period in which they emerge. Expected long-term rate-of-return on assets has been determined based on historical experience and available market information.

Provident fund: The Company's defined benefit obligation towards interest rate guarantee on the exempt provident fund is actuarially determined and measured in accordance with the Guidance Note (GN 29) on Valuation of

Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by The Institute of Actuaries of India.

2.5.3. Other long term employee benefits

Other long term employee benefits includes accumulated compensated absences that are entitled to be carried forward for future encashment or availment, at the option of the employee subject to the rules framed by the Company which are expected to be availed or encashed beyond 12 months from the end of the year and long term retention incentive payable to employees on fulfilment of criteria prescribed the Company. The Company's liability towards accumulated compensated absences entitlement outstanding at the close of the year and long term retention incentive are determined actuarially and are recognised as a liability at the present value of the obligation as at the Balance Sheet date.

2.5.4. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the Company which vest in a graded manner. The vested options may be exercised within a specified period.

In accordance with the Guidance Note on Accounting for Employee Share-based Payments, the Company follows the intrinsic value method to account for its share-based employee compensation plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date and amortised over the vesting period. The fair value of the shares is determined based on an external valuation report.

2.6. Operating lease expenses

Leases where the lessor effectively retains substantially all the risks and rewards of ownership are classified as operating leases. Payments made under operating lease including escalations are recognised as an expense, on a straight line basis, over the lease term.

2.7. Provision for doubtful debts

The Company regularly evaluates the probability of recovery and provides for doubtful deposits, advances and others receivables.

2.8. Benefits paid

Benefits paid comprise of policy benefits and claim settlement costs, if any.

Death and rider claims are accounted for on receipt of intimation. Survival and maturity benefits are accounted when due. Withdrawals and surrenders under non linked policies are accounted on the receipt of intimation. Withdrawals and surrenders under unit linked policies are accounted in the respective schemes when the associated units are cancelled.

2.9. Actuarial liability valuation

The actuarial liabilities are calculated in accordance with accepted actuarial practice, requirements of Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015), regulations notified by the Insurance Regulatory and Development Authority of India and Actuarial Practice Standards of the Institute of Actuaries of India.

2.10. Funds for Future Appropriations (FFA)

FFA (Linked)

Amounts estimated by Appointed Actuary as FFA in respect of lapsed unit linked policies, are set aside in the Balance Sheet and are not available for distribution to Shareholders until the expiry of the maximum revival period. After expiry of the revival period, the Company may appropriate as surplus on the Appointed Actuary's recommendation.

FFA (Non-linked)

Based on the recommendation of Appointed Actuary unappropriated profits are held in the Balance Sheet as Funds for Future Appropriations.

2.11. Investments

Investments are made and accounted for in accordance with the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015), Insurance Regulatory and Development Authority (Investments) Regulations, 2000 amended from time to time, Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, Investment Policy of the Company and various other circulars/notifications issued by the IRDAI in this context from time to time.

Investments are recorded at cost on the date of purchase, which includes brokerage and taxes, if any, but excludes interest accrued as on the date of acquisition.

Broken period interest paid/received is debited/credited to interest receivable account.

Bonus entitlements are recognised as investments on the 'ex- bonus date'.

Rights entitlements are recognised as investments on the 'ex-rights date'.

Any front end discount on investments is reduced from the cost of such investments.

2.11.1. Classification

Investments maturing within twelve months from the Balance Sheet date and investments made with the specific intention to dispose them off within twelve months from the Balance Sheet date are classified as short-term investments.

Investments other than short-term investments are classified as long-term investments.

2.11.2. Valuation - Other than Unit Linked business

All debt securities including government securities and redeemable preference shares are considered as 'held to maturity' and stated at historical cost, subject to amortisation of premium or accretion of discount over the remaining period to maturity on effective interest rate method.

Money market instruments are valued at historical cost, subject to accretion of discount over the remaining period to maturity based on effective interest rate method.

Listed equity shares at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on the BSE Limited ('BSE') is used). Unlisted equity shares are stated at historical cost. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued at the latest available net asset values of the respective fund.

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment

property is revalued at least once in every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

Investments in venture fund units are valued at historical cost.

Instruments bought on 'reverse repo' basis are valued at cost plus interest accrued on reverse repo rate.

Fixed deposits with banks are valued at cost.

The Company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the impairment loss is recognised in the Revenue/Profit and Loss account after adjusting it with previously recognised revaluation reserve/Fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognised impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

2.11.3. Valuation - Unit Linked business

Central and State government securities are valued as per the valuation price provided by CRISIL.

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by the CRISIL Limited ('CRISIL') on daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining period to maturity of instrument.

Money market instruments are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

Listed equity shares are valued at market value, being the last quoted closing price on the NSE (in case of securities not listed on NSE, the last quoted closing price on the BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued at the latest available net asset values of the respective fund.

Venture fund units are valued at the latest available net asset value of the respective fund.

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date.

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date.

The securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to

maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL.

Instruments bought on 'reverse repo' basis are valued at cost plus interest accrued on reverse repo rate.

Unrealised gains and losses are recognised in the Revenue account as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.

Fixed deposits with banks are valued at cost.

2.11.4. Transfer of investments

Transfer of investments from Shareholders' fund to the Policyholders' fund to meet the deficit in the Policyholders' account is made at amortised/book cost or market price, whichever is lower. The transfer of investments between unit linked funds is done at the prevailing market price.

No transfer of investments is carried out between non-linked policyholders' funds.

2.12. Loans

Loans are stated at historical cost, subject to provision for impairment, if any.

2.13. Fixed assets and Impairment

2.13.1. Tangible assets and depreciation

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment loss, if any. Cost includes the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any cost directly attributable to bring the asset to its working condition for its intended use and other incidental expenses incurred upto that date. Subsequent expenditure incurred on tangible assets is expensed out except where such expenditure results in an increase in future benefits from the existing assets beyond its previously assessed standard of performance.

Asset costing upto ₹ 5,000 are fully depreciated in the year of acquisition.

Pursuant to the Companies Act, 2013 and amendment thereof, the Company has revised the useful life of some asset categories (Refer note 2.2). The revised useful life of various category of assets is as below:

Asset	Useful life (in year)
Office buildings on freehold land	60
Improvement to leasehold properties	Lease period, subject to maximum of 9 years
Furniture and fixtures	10
Office equipment	5
Information technology equipment	3
Communication networks and servers	6
Motor vehicles	5

Depreciation is provided using straight-line method ('SLM') prorated from the date of being ready to use, upto the date of sale, based on estimated useful life for each class of asset.

2.13.2. Intangibles

Intangible assets comprising software are stated at cost less amortisation. Significant expenditure on improvements to software are capitalised when it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of

performance and such expenditure can be measured and attributed to the asset reliably. Subsequent expenditures are amortised over the remaining useful life of original software. Software expenses are amortised using SLM over a period of 4 years from the date of being ready to use.

2.13.3. Capital work in progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses.

2.13.4. Impairment of assets

Management periodically assesses, using external and internal sources, whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset unit is made. Impairment occurs where the carrying value of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and its eventual disposal. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

2.14. Taxation

2.14.1. Direct taxes

Income tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

Current tax is the amount expected to be paid to the tax authorities after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961.

The deferred tax asset and liabilities are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised and carried forward only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, deferred tax asset in respect of unabsorbed depreciation or carried forward loss are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonable / virtually certain (as the case may be) to be realised.

The Company allocates tax to the participating lines of business in order to ensure that the expenses pertaining to and identifiable with a particular line of business are represented as such to enable a more appropriate presentation of the financial statements. Accordingly, tax charge/credit on surplus/deficit arising from the participating line of business is disclosed separately in the Revenue account.

2.14.2. Indirect taxes

Service Tax liability on life insurance service is set-off against the service tax credits available from tax paid on input services. Unutilised credits, if any, are carried forward for future set-off, where there is reasonable certainty of utilisation.

2.15. Provisions and contingencies

Provision is recognized when the company has a present obligation

as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined based on the management estimate of amount required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. A disclosure of a contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed.

2.16. Segmental reporting

Based on the primary segments identified under IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002 ('the Regulations') read with AS 17 on "Segmental Reporting" notified under section 133 of the Companies Act 2013 and rules thereunder, the Company has classified and disclosed segmental information separately for Shareholders' and Policyholders'. Within Policyholders', the businesses are further segmented into Participating (Life and Pension for Group and Retail segments put together), Non-Participating, Linked (Life, Pension, Health and Group), Health and Annuity.

There are no reportable geographical segments, since all business is written in India.

The allocation of revenue, expenses, assets and liabilities to specific segments is done in the following manner, which is applied on a consistent basis.

- Revenue, expenses, assets and liabilities that are directly identifiable to the segment are allocated on actual basis;
- Other revenue, expenses (including depreciation and amortisation), assets and liabilities that are not directly identifiable to a segment are allocated based on the relevant drivers which includes:
 - Number of policies
 - Weighted annualised first year premium income
 - Annualised premium since inception
 - Sum assured
 - Total premium income
 - Medical cases
 - Funds under management
 - Commission
 - Total operating expenses (for assets and liabilities)
 - Use of asset (for depreciation expense)

2.17. Foreign exchange transactions

Initial recognition: Foreign currency transactions are recorded in Indian Rupees, by applying to the foreign currency amount the exchange rate between the Indian Rupee and the foreign currency at the date of the transaction.

Conversion: Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences: Exchange differences are recognised as income or as expenses in the period in which they arise.

2.18. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the profit or loss after tax for the year attributable to equity shareholders and the weighted average number of

shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value. Dilutive potential equity shares are determined independently for each period presented.

2.19. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Receipts and Payments account include cash and cheques in hand, bank balances, liquid mutual funds and other investments with original maturity of three months or less which are subject to insignificant risk of changes in value.

3.2. Actuarial method and assumptions

The actuarial liability in respect of both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, morbidity, expense and inflation and, in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation with allowances for adverse deviations.

The liability for the unexpired portion of the risk for the non-unit liabilities of linked business and attached riders is the greater of liability calculated using discounted cash flows and unearned premium reserves.

An unexpired risk reserve and a reserve in respect of claims incurred but not reported is held for one year renewable group term insurance.

The unit liability in respect of linked business is the value of the units standing to the credit of policyholders, using the Net Asset Value ('NAV') prevailing at the valuation date.

A brief of the assumptions used in actuarial valuation is as below:

- The interest rates used for valuing the liabilities are in the range of 4.47% to 5.39% per annum. The interest rates used at March 31, 2014 were in the range of 4.87% to 5.77% per annum.
- Mortality rates used are based on the published "Indian Assured Lives Mortality (2006 – 2008) Ult." mortality table for assurances and LIC (a) 96-98 table for annuities adjusted to reflect expected experience. Morbidity rates used are based on CIBT 93 table, adjusted for expected experience, or on risk rates supplied by reinsurers.

- c) Expenses are provided for at least at the current levels in respect of renewal expenses, with no allowance for any future improvement but with an allowance for any expected worsening. Per policy renewal expenses are assumed to inflate at 4.49% per annum. The expense inflation assumption used at March 31, 2014 was 4.84%.
- d) No allowance is made for expected lapses in the future.
- e) The bonus rates for participating business to be declared in the future is consistent with the valuation assumptions.
- f) The tax rate applicable for valuation at March 31, 2015 is 14.42% p.a.
- c. Reserves for cost of non-negative claw back additions.
- d. Reserves for free look option given to policyholders calculated using a free look cancellation rate of 3.70 %. The free look cancellation assumption used at March 31, 2014 was 3.10%.
- e. Reserves for lapsed policies eligible for revivals.

Certain explicit additional provisions are made, which include the following:

- a. Reserves for additional expenses that the Company may have to incur if it were to close to new business twelve months after the valuation date.
- b. Reserves for guarantees available to individual and group insurance policies.

3.3. Funds for Future Appropriations ('FFA')

The cumulative balance of linked FFA at March 31, 2015 of ₹ 22,666 thousand (March 31, 2014: ₹ 449,992 thousand) and non-linked FFA at March 31, 2015 of ₹ 5,252,224 thousand (March 31, 2014: ₹ 4,590,399 thousand) is not available for distribution to Shareholders. Such amount is classified under Funds for Future appropriations, in the Balance Sheet.

This amount forms part of bank reconciliation and consequently not considered in unclaimed amount of policyholders as disclosed under Schedule 13 - Current liabilities.

3.6. Direct taxes

Deferred tax asset is recognised on the Company's eligible tax losses to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized. The deferred tax position and the movement for the year ended March 31, 2015 is summarised below :

	At April 1, 2014	(Charge)/ Credit for the period	At March 31, 2015	(₹ '000) At March 31, 2014
Deferred tax asset				
Linked funds for future appropriation	15,295	(13,957)	1,338	15,295

Deferred tax charge for the year ended March 2015 is ₹ 13,957 thousand (year ended March 31, 2014: ₹ 62,902 thousand).

An amount of ₹ 490,087 thousand for the year ended March 2015 (year ended March 31, 2014: ₹ 384,181 thousand) has been charged on the total surplus in the participating line of business in line with the Company's accounting policy. As the Company has unabsorbed losses as per Income Tax Act, there is no current tax liability. Tax on total surplus of participating line of business has been offset by a corresponding credit in the Profit and Loss account.

3.7. Operating lease commitments

The Company takes premises, motor vehicles, office equipment's, computers, servers and modular furniture on operating lease. Certain lease arrangements provide for cancellation by either party and also contain a clause for renewal of the lease agreement. Provident fund

Provident fund benefits are aimed at providing security to staff members and their dependents on retirement, disability or death. Both employee and the company contribute an equal percentage of the basic salary a part of which goes to the fund, and balance portion is contributed to the government administered pension fund. The provident fund is managed by ICICI Prudential Life Insurance Company Employees' Provident Fund Trust.

The minimum rate at which the annual interest is payable by the trust to members is prescribed by the Government. The Company has an obligation to make good the shortfall, if any, between the Government prescribed rate and actual return earned by the provident fund.

As there is net surplus in the plan, no liability needs to be provided for in the books of accounts of the Company.

The assumptions used in actuarially valuing the defined benefit obligations of interest rate guarantee are as follows:

Particulars	At March 31, 2015	At March 31, 2014
Discount rate for the term of the obligation	7.95%	8.70%

3.16. Employee Stock Option Scheme ("ESOS")

The Company Employees Stock Option Scheme (2005) ("ESOS 2005") presently has six tranches namely Founder I, 2004-05, 2005-06, 2006-07, Founder II and 2007-08. ESOS 2005 permits the grant of share options up to 3% of the issued capital of Company. The maximum number of options that can be granted to any eligible employee is restricted to 1% of the issued capital. The exercise price was finalised by the Board Compensation and Nominations Committee in concurrence with the Board of Directors of the Company.

The scheme allowed an exercise period of "later of the tenth anniversary of the date of grant of Options or the fifth anniversary of the date of vesting of Options". During the year, in the interest of employees, the Company has extended the exercise period from 10 years to 13 years for the options granted namely Founder I, 2004-05, 2005-06, 2006-07 and Founder II. The Company follows intrinsic value method and hence there is no charge in the Revenue Account and Profit and Loss account on account of modification of the Scheme.

The salient features of tranches issued under ESOS 2005 are as stated below:

	Founder I	2004-05	2005-06	2006-07 Founder II	2007-08
Date of grant	March 28, 2005	April 25, 2005	April 26, 2006	April 24, 2007	April 25, 2008
Number of options granted	2,662,500	3,782,400	4,633,250	6,534,675 (2006-07) 470,000 (Founder II)	6,101,000
Maximum term of options granted	Thirteenth anniversary of the date of grant of options				Tenth anniversary of the date of grant of options
Graded Vesting Period					
1st Year	50% of options granted		25% of options granted		
2nd Year	25% of options granted		25% of options granted		
3rd Year	25% of options granted		25% of options granted		
4th Year	-		25% of options granted		
Mode of settlement	Equity				

Exercise price of all the options outstanding as at March 31, 2015 for Founder I (2003-04) scheme, 2004-2005 scheme, 2005-06 scheme, 2006-07 scheme, Founder II and 2007-08 scheme is ₹ 30, ₹ 42, ₹ 70, ₹ 130, ₹ 130 and ₹ 400 respectively.

A summary of status of Company's Employee Stock Option Scheme in terms of options granted, forfeited and exercised is given below:

Particulars	Year	Year
	ended March 31, 2015	ended March 31, 2014
Outstanding at the beginning of the year	10,201,948	12,620,354
Add: Granted during the period	-	-
Less: Forfeited/lapsed during the period	(588,000)	(2,087,905)

3.43. Pending litigations

The Company's pending litigations comprise of claims against the Company primarily by the customers and proceedings pending with Tax authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a material adverse effect on its financial results at March 31, 2015. Refer note 3.1 for details on contingent liabilities. In respect of litigations, where the management assessment of a financial outflow is probable, the Company has made a provision of ₹ 39,139 thousand at March 31, 2015.

3.44. Long term contracts

The Company has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts including derivative contracts has been made in the financial statements.

For insurance contracts, actuarial valuation of liabilities for policies in force is done by the Appointed Actuary of the Company. The assumptions used in valuation of liabilities for policies in force are in accordance with the guidelines and norms issued by the Insurance Regulatory and Development Authority of India ("IRDAI") and the Institute of Actuaries of India in concurrence with the IRDAI.

3.45. Previous year comparatives

Previous period's figures have been regrouped and reclassified wherever necessary to conform to current period's presentation.

INDEPENDENT AUDITORS' REPORT

To the Members of

ICICI Prudential Life Insurance Company Limited

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of ICICI Prudential Life Insurance Company Limited (hereinafter referred to as "the Holding Company") and its subsidiary 'ICICI Prudential Pension Funds Management Company Limited' (the Holding Company and its subsidiary together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at March 31, 2015, the related Consolidated Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Consolidated Profit and Loss Account (also called the "Shareholders' Account" or "Non-Technical Account") and the Consolidated Receipts and Payments Account for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated receipts and payments of the Group in accordance with accounting principles generally accepted in India, including the provisions of The Insurance Act, 1938 (the "Insurance Act") (amended by the Insurance Laws (Amendment) Act, 2015), the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") in this regard, and the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in subparagraph (b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Insurance Act, the IRDA Act, the IRDA Financial Statements Regulations and the Act to the extent applicable and in the manner so required, and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2015, the related consolidated Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the consolidated Profit and Loss Account (also called the "Shareholders' Account" or "Non-Technical Account") and the consolidated Receipts and Payments Account for the year ended on that date.

OTHER MATTERS

- a. The actuarial valuation of liabilities for life policies in force is the responsibility of the Holding Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2015 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory Development Authority of India ("IRDAI" / "Authority") and the Institute of Actuaries of India in concurrence with the Authority. We have relied upon Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists on consolidated financial statements of the Group.

- b. We did not audit the financial statements of the subsidiary, whose financial statements reflect total assets of ₹ 265,066 thousand as at March 31, 2015, total revenues of ₹ 29,143 thousand and net cash outflows amounting to ₹ 41 thousand for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report have been furnished to us by the management and our opinion on consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiary, is based solely on the report of other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by IRDA Financial Statement Regulations, read with Section 143 (3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of the other auditor.
- (c) The Consolidated Balance Sheet, the Consolidated Revenue Account, the Consolidated Profit and Loss Account and the Consolidated Receipts and Payments Account dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and with the accounting principles as prescribed in the IRDA Financial Statements Regulations and orders / directions issued by IRDAI in this regard.
- (e) In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the Regulations and / or orders / directions issued by IRDAI in this regard.
- (f) On the basis of written representations received from the directors of the Holding Company as on March 31, 2015 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of its subsidiary company, none of the directors of the Group companies is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Schedule 16 Note 3.19 to the consolidated financial statements;
- ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivatives contracts – Refer Schedule 16 Note 3.20 to the consolidated financial statements;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary company.

SCHEDULE – 16**Significant accounting policies and notes forming part of the financial statements for the year ended March 31, 2015****1. Corporate Information**

These financial statements comprise of the consolidated financial statements of ICICI Prudential Life Insurance Company Limited, the Parent Company, with the financial statements of its subsidiary ICICI Prudential Pension Funds Management Company Limited.

ICICI Prudential Life Insurance Company Limited ('the Company') is a joint venture between ICICI Bank Limited and Prudential Corporation Holdings Limited, was incorporated on July 20, 2000 as a Company under the Companies Act, 1956 ('the Act'). The Company is licensed by the Insurance Regulatory and Development Authority of India ('IRDAI') for carrying life insurance business in India. The license has been renewed and is in force as at March 31, 2015.

The Company carries on business of providing life insurance, pensions and health insurance to individuals and groups. Riders providing additional benefits are offered under some of these products. The business is conducted in participating, non-participating and unit linked lines of businesses. These products are distributed through individual agents, corporate agents, banks, brokers, the Company's proprietary sales force and the Company website.

ICICI Prudential Pension Funds Management Company Limited ('the Subsidiary') is a wholly owned subsidiary of ICICI Prudential Life insurance Company Limited, incorporated on April 22, 2009 as a company under the Companies Act, 1956 ('the Act'). The Subsidiary is licensed by the Pension Funds Regulatory and Development Authority ('PFRDA') for acting as a Pension Fund Manager for the management of the Pension Funds under the National Pension System. The license is in force at March 31, 2015.

2. Summary of significant accounting policies**2.1. Basis of preparation**

The accompanying consolidated financial statements are prepared and presented under the historical cost convention, unless otherwise stated, and on accrual basis of accounting, in accordance with accounting principles generally accepted in India (Indian GAAP). The company has prepared the consolidated financial statements in compliance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014, section 129(4) of the Companies Act, 2013 and in accordance with the provisions of the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015), Insurance Regulatory and Development Authority Act, 1999, and the regulations framed thereunder, various circulars issued by the IRDAI and the practices prevailing within the insurance industry in India. Accounting policies applied have been consistent with previous year except for the change in accounting policy as explained below:

Amortisation of debt investments

The Company till the year ended March 31, 2014, was following an accounting policy of recognizing the amortisation of premium or accretion of discount on debt securities over the remaining period to maturity on a straight line basis.

During the year ended March 31, 2015, the basis of amortization of premium or accretion of discount has been changed from straight line method to Yield to Maturity (effective interest rate method) over the remaining period to maturity. The company has applied the change in accounting policy with retrospective effect.

Management believes that by amortizing the discount at the market interest rate, a company's accounting statements more closely reflect the economic reality of the securities invested.

Due to change in method of amortisation, income and corresponding value of investment is lower by ₹ 294,846 thousand, as detailed below at segment level.

Segment	(₹ '000)
Amount	
Par Life	93,157
Par Pension	17,392
Non Par	49,946
Annuity Non Par	34,146
Health	2,191
Linked Life	17,631
Linked Pension	6,020
Linked Health	75
Linked Group	6,685
Shareholders	67,602
Total	294,846

Had the company continued straight line basis of amortization, profit before tax would have been higher by ₹ 159,803 thousand. Similarly, profit after tax would have been higher by ₹ 159,803 thousand. Consequently Company's basic and diluted earnings per share would have been ₹ 11.54 and ₹ 11.52 respectively.

2.2. Use of estimates

The Company's management makes estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities, and disclosures relating to contingent liabilities as on the date of the consolidated financial statements. The estimates and assumptions used in the accompanying consolidated financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the consolidated financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively. The significant change in estimate is given below:

Depreciation on fixed assets

Till the year ended 31 March 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. The applicability of Schedule II has resulted in the following changes related to depreciation of fixed assets.

Till the year ended 31 March 2014, depreciation rates prescribed under Schedule XIV were treated as minimum rates and the Company was not allowed to charge depreciation at lower rates even if such lower rates were justified by the estimated useful life of the asset. Schedule II to the Companies Act 2013 prescribes useful lives for fixed assets which, in many cases, are different from lives prescribed under the erstwhile Schedule XIV. However, Schedule II allows companies to use higher/ lower useful lives and residual values if such useful lives and residual values can be technically supported and justification for difference is disclosed in the financial statements. Pursuant to the Companies Act, 2013 and amendment thereof, the Company has reassessed the useful life of its' fixed assets and has aligned it with the useful life specified in Schedule II of the Companies Act 2013, other than for motor vehicles and assets costing upto ₹ 5,000.

Had the Company continued its earlier policy of depreciation, the profit after tax would have been higher by ₹ 40,963 thousand. The carrying value of assets as on April 1, 2014 is being depreciated over the revised remaining useful life.

Schedule II of the Companies Act 2013 specifies the useful life of eight years for motor vehicle. As per Company policy, the motor vehicle is transferred to employee on completion of five years or at written down value (WDV) in case of separation of employee before five years. Accordingly, the Company has depreciated the motor vehicle over five years. Assets costing upto ₹ 5,000 are considered to be immaterial in value and hence fully depreciated in the year of acquisition.

2.3. Revenue recognition

2.3.1. Premium income

Premium for non-linked policies is recognised as income when due from policyholders. For unit linked business, premium is recognised as income when the associated units are created.

Premium on lapsed policies is recognised as income when such policies are reinstated.

Products having regular premium paying plans with limited premium payment term and/or pre-determined policy term are treated as regular business with due classification of premium into first year and renewal. Premium income on products other than aforesaid is classified as single premium.

Top up premiums paid by unit linked policyholders' are considered as single premium and recognised as income when the associated units are created.

2.3.2. Reinsurance premium ceded

Reinsurance premium ceded is accounted in accordance with the terms and conditions of the relevant treaties with the reinsurer. Profit commission on reinsurance ceded is netted off against premium ceded on reinsurance.

2.3.3. Income from investments

Interest income on investments is recognised on accrual basis. In case of Life insurance business, amortisation of premium or accretion of discount on debt securities is recognised over the remaining term of such instruments on the basis of effective interest rate method. In case of Pension Fund Management business, amortisation of premium or accretion of discount on debt securities is recognised over the holding/maturity period on a straight-line basis.

Dividend income, in respect of other than unit linked business, is recognised when the right to receive dividend is established. Dividend income, in respect of unit linked business, is recognised on the 'ex-dividend date'.

Fees received on lending of equity shares under Securities Lending and Borrowing scheme (SLB) is recognised as income over the period of the lending on a straight-line basis.

Lease rentals on investment property is recognised on accrual basis and include only the realised rent and does not include any notional rent, as prescribed by IRDA (Preparation of financial statements and Auditors' Report of Insurance Companies) Regulations 2002. Costs related to operating and maintenance of investment property are recognised as expense in the Revenue Account.

Profit or loss on sale/redemption of debt securities for other than unit linked business is the difference between the sale consideration net of expenses and the weighted average amortised cost as on the date of sale. Profit or loss on sale/redemption of debt securities for unit linked business is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale.

Profit or loss on sale/redemption of equity shares and mutual fund units is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale. In respect of other than

unit linked business, the profit or loss includes the accumulated changes in the fair value previously recognised under "Fair Value Change Account".

2.3.4. Income from unit linked policies

Income from unit linked policies, which includes fund management charges, policy administration charges, mortality charges and other charges, if any, are recovered from the unit linked funds in accordance with terms and conditions of policies issued and are recognised when due.

2.3.5. Fees and charges

In case of Life Insurance business, interest income on loans is recognised on an accrual basis. Fees and charges also include policy reinstatement fee and loan processing fee which are recognised on receipt basis.

In case of Pension Fund Management business, Investment management fees are recognised on an accrual basis in accordance with the terms of contract between the Subsidiary and the National Pension System Trust, established by the PFRDA.

2.4. Acquisition cost

Acquisition costs are costs that vary with and are primarily related to acquisition of insurance contracts and are expensed in the period in which they are incurred.

2.5. Employee benefits

2.5.1. Short term employee benefits

All employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, bonuses, short term compensated absences and other non-monetary benefits are recognised in the period in which the employee renders the related service. All short term employee benefits are accounted on undiscounted basis.

2.5.2. Long term employee benefits: Post-employment

The Company has both defined contribution and defined benefit plans.

Defined contribution plan

The Company has a defined contribution scheme for Superannuation for its employees. Contributions to the Superannuation scheme are made on a monthly basis, when due, and charged to Revenue account and Profit and Loss account, as applicable. The expenses are booked on an undiscounted basis. The Company has no further obligation beyond the monthly contribution. The scheme is managed by ICICI Prudential Life Insurance Company Limited Superannuation Scheme.

Defined benefit plans

Gratuity and Provident fund are defined benefit obligations

Gratuity: The gratuity benefit payable to the employees of the Company is as per the provisions of the Payment of Gratuity Act, 1972 or the Company's gratuity plan, whichever is higher. The gratuity liability of the Company is actuarially determined at each Balance Sheet date using projected unit credit method.

The Company contributes towards net liabilities to ICICI Prudential Life Insurance Company Limited Employees' Group Gratuity Cum Life Insurance Scheme.

The Company recognises the net obligation of the Scheme in Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15 (revised 2005), 'Employee benefits'. The discount rate used for estimation of liability is based on Government securities yield. Gain or loss arising from change in actuarial assumptions/experience adjustments is recognised in the Revenue account and Profit or Loss account for the period

in which they emerge. Expected long-term rate-of-return on assets has been determined based on historical experience and available market information.

Provident fund: The Company's defined benefit obligation towards interest rate guarantee on the exempt provident fund is actuarially determined and measured in accordance with the Guidance Note (GN 29) on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by The Institute of Actuaries of India.

2.5.3. Other long term employee benefits

Other long term employee benefits includes accumulated compensated absences that are entitled to be carried forward for future encashment or availment, at the option of the employee subject to the rules framed by the Company which are expected to be availed or encashed beyond 12 months from the end of the year and long term retention incentive payable to employees on fulfilment of criteria prescribed the Company. The Company's liability towards accumulated compensated absences entitlement outstanding at the close of the year and long term retention incentive are determined actuarially and are recognised as a liability at the present value of the obligation as at the Balance Sheet date.

2.5.4. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the Company which vest in a graded manner. The vested options may be exercised within a specified period.

In accordance with the Guidance Note on Accounting for Employee Share-based Payments, the Company follows the intrinsic value method to account for its share-based employee compensation plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date and amortised over the vesting period. The fair value of the shares is determined based on an external valuation report.

2.6. Operating lease expenses

Leases where the lessor effectively retains substantially all the risks and rewards of ownership are classified as operating leases. Payments made under operating lease including escalations are recognised as an expense, on a straight line basis, over the lease term.

2.7. Provision for doubtful debts

The Company regularly evaluates the probability of recovery and provides for doubtful deposits, advances and others receivables.

2.8. Benefits paid

Benefits paid comprise of policy benefits and claim settlement costs, if any.

Death and rider claims are accounted for on receipt of intimation. Survival and maturity benefits are accounted when due. Withdrawals and surrenders under non linked policies are accounted on the receipt of intimation. Withdrawals and surrenders under unit linked policies are accounted in the respective schemes when the associated units are cancelled.

2.9. Actuarial liability valuation

The actuarial liabilities are calculated in accordance with accepted actuarial practice, requirements of Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015), regulations notified by the Insurance Regulatory and Development Authority of India and Actuarial Practice Standards of the Institute of Actuaries of India.

2.10. Funds for Future Appropriations (FFA)

FFA (Linked)

Amounts estimated by Appointed Actuary as FFA in respect of lapsed unit linked policies, are set aside in the Balance Sheet and are not available for distribution to Shareholders until the expiry of the maximum revival period. After expiry of the revival period, the Company may appropriate as surplus on the Appointed Actuary's recommendation.

FFA (Non-linked)

Based on the recommendation of Appointed Actuary unappropriated profits are held in the Balance Sheet as Funds for Future Appropriations.

2.11. Investments

Investments are made and accounted for in accordance with the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015), Insurance Regulatory and Development Authority (Investments) Regulations, 2000 amended from time to time, Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, Investment Policy of the Company and various other circulars/notifications issued by the IRDAI in this context from time to time.

Investments are recorded at cost on the date of purchase, which includes brokerage and taxes, if any, but excludes interest accrued as on the date of acquisition.

Broken period interest paid/received is debited/credited to interest receivable account.

Bonus entitlements are recognised as investments on the 'ex-bonus date'.

Rights entitlements are recognised as investments on the 'ex-rights date'.

Any front end discount on investments is reduced from the cost of such investments.

2.11.1. Classification

Investments maturing within twelve months from the Balance Sheet date and investments made with the specific intention to dispose them off within twelve months from the Balance Sheet date are classified as short-term investments.

Investments other than short-term investments are classified as long-term investments.

2.11.2. Valuation - Other than Unit linked business

In case of Life Insurance business, all debt securities including government securities and redeemable preference shares are considered as 'held to maturity' and stated at historical cost, subject to amortisation of premium or accretion of discount over the remaining period to maturity on effective interest rate method.

Money market instruments are valued at historical cost, subject to accretion of discount over the remaining period to maturity based on effective interest rate method.

Listed equity shares at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on the BSE Limited ('BSE') is used). Unlisted equity shares are stated at historical cost. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued at the latest available net asset values of the respective fund.

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once in every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

Investments in venture fund units are valued at historical cost.

Instruments bought on 'reverse repo' basis are valued at cost plus interest accrued on reverse repo rate.

Fixed deposits with banks are valued at cost.

The Company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the impairment loss is recognised in the Revenue/Profit and Loss account after adjusting it with previously recognised revaluation reserve/Fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognised impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

2.11.3. Valuation - Unit linked business

Central and State government securities are valued as per the valuation price provided by CRISIL.

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by the CRISIL Limited ('CRISIL') on daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining period to maturity of instrument.

Money market instruments are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

Listed equity shares are valued at market value, being the last quoted closing price on the NSE (in case of securities not listed on NSE, the last quoted closing price on the BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued at the latest available net asset values of the respective fund.

Venture fund units are valued at the latest available net asset value of the respective fund.

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date.

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date.

The securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL.

Instruments bought on 'reverse repo' basis are valued at cost plus interest accrued on reverse repo rate.

Unrealised gains and losses are recognised in the Revenue account as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.

Fixed deposits with banks are valued at cost.

2.11.4. Valuation - Pension fund management business

Current investments are carried at lower of cost or fair value determined on an individual investment basis. Non-current investments are carried at cost.

2.11.5. Transfer of investments

In case of Life insurance business, transfer of investments from Shareholders' fund to the Policyholders' fund to meet the deficit in the Policyholders' account is made at amortised/book cost or market price, whichever is lower. The transfer of investments between unit linked funds is done at the prevailing market price.

No transfer of investments is carried out between non-linked policyholders' funds.

2.12. Loans

Loans are stated at historical cost, subject to provision for impairment, if any.

2.13. Fixed assets and Impairment

2.13.1. Tangible assets and depreciation

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment loss, if any. Cost includes the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any cost directly attributable to bring the asset to its working condition for its intended use and other incidental expenses incurred upto that date. Subsequent expenditure incurred on tangible assets is expensed out except where such expenditure results in an increase in future benefits from the existing assets beyond its previously assessed standard of performance.

Asset costing upto ₹ 5,000 are fully depreciated in the year of acquisition.

Pursuant to the Companies Act, 2013 and amendment thereof, the Company has revised the useful life of some asset categories (Refer note 2.2). The revised useful life of various category of assets is as below:

Asset	Useful life
Office buildings on freehold land	60
Improvement to leasehold properties	Lease period, subject to maximum of 9 years
Furniture and fixtures	10
Office equipment	5
Information technology equipment	3
Communication networks and servers	6
Motor vehicles	5

Depreciation is provided using straight-line method ('SLM') prorated from the date of being ready to use, upto the date of sale, based on estimated useful life for each class of asset.

2.13.2. Intangibles

Intangible assets comprising software are stated at cost less amortisation. Significant expenditure on improvements to software are capitalised when it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent expenditures are amortised over the remaining useful life of original software. Software expenses are amortised using SLM over a period of 4 years from the date of being ready to use.

2.13.3. Capital work in progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses.

2.13.4. Impairment of assets

Management periodically assesses, using external and internal sources, whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset unit is made. Impairment occurs where the carrying value of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and its eventual disposal. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

2.14. Taxation

2.14.1. Direct taxes

Income tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

Current tax is the amount expected to be paid to the tax authorities after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961.

The deferred tax asset and liabilities are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised and carried forward only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, deferred tax asset in respect of unabsorbed depreciation or carried forward loss are recognised only if there is a virtual certainty of

realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonable / virtually certain (as the case may be) to be realised.

The Company allocates tax to the participating lines of business in order to ensure that the expenses pertaining to and identifiable with a particular line of business are represented as such to enable a more appropriate presentation of the consolidated financial statements. Accordingly, tax charge/credit on surplus/deficit arising from the participating line of business is disclosed separately in the Revenue account.

2.14.2. Indirect taxes

Service Tax liability on life insurance service is set-off against the service tax credits available from tax paid on input services. Unutilised credits, if any, are carried forward for future set-off, where there is reasonable certainty of utilisation.

2.15. Provisions and contingencies

Provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined based on the management estimate of amount required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. A disclosure of a contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed.

2.16. Segmental reporting

In case of Life Insurance business, based on the primary segments identified under IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002 ('the Regulations') read with AS 17 on "Segmental Reporting" notified under section 133 of the Companies Act 2013 and rules thereunder, the Company has classified and disclosed segmental information separately for Shareholders' and Policyholders'. Within Policyholders', the businesses are further segmented into Participating (Life and Pension for Group and Retail segments put together), Non-Participating, Linked (Life, Pension, Health and Group), Health and Annuity.

There are no reportable geographical segments, since all business is written in India.

The allocation of revenue, expenses, assets and liabilities to specific segments is done in the following manner, which is applied on a consistent basis.

- Revenue, expenses, assets and liabilities that are directly identifiable to the segment are allocated on actual basis;
- Other revenue, expenses (including depreciation and amortisation), assets and liabilities that are not directly identifiable to a segment are allocated based on the relevant drivers which includes:
 - Number of policies
 - Weighted annualised first year premium income
 - Annualised premium since inception
 - Sum assured
 - Total premium income

- o Medical cases
- o Funds under management
- o Commission
- o Total operating expenses (for assets and liabilities)
- o Use of asset (for depreciation expense)

2.17. Foreign exchange transactions

Initial recognition: Foreign currency transactions are recorded in Indian Rupees, by applying to the foreign currency amount the exchange rate between the Indian Rupee and the foreign currency at the date of the transaction.

Conversion: Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences: Exchange differences are recognised as income or as expenses in the period in which they arise.

2.18. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the profit or loss after tax for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value. Dilutive potential equity shares are determined independently for each period presented.

2.19. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Receipts and Payments account include cash and cheques in hand, bank balances, liquid mutual funds and other investments with original maturity of three months or less which are subject to insignificant risk of changes in value.

2 ₹ 1,536,996 thousand is on account of objections raised by office of the Commissioner of Service tax, Mumbai (through the Service Tax audit under EA-2000) on certain positions taken by the Company).

3.2. Actuarial method and assumptions

The actuarial liability in respect of both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, morbidity, expense and inflation and, in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation with allowances for adverse deviations.

The liability for the unexpired portion of the risk for the non-unit liabilities of linked business and attached riders is the greater of liability calculated using discounted cash flows and unearned premium reserves.

An unexpired risk reserve and a reserve in respect of claims incurred but not reported is held for one year renewable group term insurance.

The unit liability in respect of linked business is the value of the units standing to the credit of policyholders, using the Net Asset Value ('NAV') prevailing at the valuation date.

A brief of the assumptions used in actuarial valuation is as below:

- | | |
|--|---|
| <p>a) The interest rates used for valuing the liabilities are in the range of 4.47% to 5.39% per annum. The interest rates used at March 31, 2014 were in the range of 4.87% to 5.77% per annum.</p> <p>b) Mortality rates used are based on the published "Indian Assured Lives Mortality (2006 – 2008) Ult." mortality table for assurances and LIC (a) 96-98 table for annuities adjusted to reflect expected experience. Provident fund

Provident fund benefits are aimed at providing security to staff members and their dependents on retirement, disability or death. Both employee and the company contribute an equal percentage of the basic salary a part of which goes to the fund, and balance portion is contributed to the government administered pension fund. The provident fund is managed by ICICI Prudential Life Insurance Company Employees' Provident Fund Trust.

The minimum rate at which the annual interest is payable by the trust to members is prescribed by the Government. The Company has an obligation to make good the shortfall, if any, between the Government prescribed rate and actual return earned by the provident fund.

As there is net surplus in the plan, no liability needs to be provided for in the books of accounts of the Company.

The assumptions used in actuarially valuing the defined benefit obligations of interest rate guarantee are as follows:

3.9. Employee Stock Option Scheme (“ESOS”)

The Company Employees Stock Option Scheme (2005) (“ESOS 2005”) presently has six tranches namely Founder I, 2004-05, 2005-06, 2006-07, Founder II and 2007-08. ESOS 2005 permits the grant of share options up to 3% of the issued capital of Company. The maximum number of options that can be granted to any eligible employee is restricted to 1% of the issued capital. The exercise price was finalised by the Board Compensation and Nominations Committee in concurrence with the Board of Directors of the Company.

The scheme allowed an exercise period of “later of the tenth anniversary of the date of grant of Options or the fifth anniversary of the date of vesting of Options”. During the year, in the interest of employees, the Company has extended the exercise period from 10 years to 13 years for the options granted namely Founder I, 2004-05, 2005-06, 2006-07 and Founder II. The Company follows intrinsic value method and hence there is no charge in the Revenue Account and Profit and Loss account on account of modification of the Scheme.

The salient features of tranches issued under ESOS 2005 are as stated below:

EMBEDDED VALUE AND NEW BUSINESS PROFIT REPORTING

financial year ended March 31, 2015

The Embedded Value ("EV") is a measure of the consolidated value of shareholders' interest in the life insurance business. It represents the present value of shareholders' interests in the earnings distributable from the assets allocated to the business after sufficient allowance for the aggregate risks in the business.

The value of new business profits (NBP) represents the additional value to shareholders created through the activity of writing new covered business during the year.

The EV calculated only reflects in-force business. In particular, the value of future new business is excluded from EV. The EV is not an assessment of the market value of the company. The NBP and EV are computed using a methodology consistent with that required under Actuarial Practise Standard (APS) 10.

IEV METHOD

Indian Embedded Value (IEV) is Embedded Value calculated in compliance with Actuarial Practice Standard 10 issued by the Institute of Actuaries of India. The IEV is broadly consistent with Market Consistent Embedded Value. The components of IEV are

- **Adjusted Net Worth (ANW)** which is the market value of assets attributable to shareholders, consisting of
 - Free Surplus (FS)
 - Required Capital, (RC)
- **Value of in-force (VIF)** business which is the
 - Present value of in-force business (PVFP) less
 - Frictional Cost of required capital (FC) less
 - Cost of residual non-hedgeable risk (CRNHR) less
 - Time value of financial options and guarantee (TVFOG)

FREE SURPLUS (FS)

It is the market value of any assets allocated to, but not required to support, the in-force covered business.

REQUIRED CAPITAL (RC)

Required Capital is the value of assets attributed to the covered business over and above the liabilities, whose distribution to shareholders is restricted. It is set equal to solvency capital netted down for that part assumed to be funded by Funds for Future Appropriation.

PRESENT VALUE OF IN-FORCE BUSINESS (PVFP)

This is the present value of projected distributable profits to shareholders arising from in-force business determined by projecting post taxation shareholder cash flows from the in-force business and assets backing the covered business.

The projection is carried out using 'best estimate' non-economic assumptions and market consistent economic assumptions. The distributable profits are determined by reference to statutory liabilities.

VIF from group business is reported considering revenue account and is not included in closing VIF.

FRICTIONAL COST OF REQUIRED CAPITAL (FC)

FC represents the investment management and taxation costs associated with holding the RC. Investment costs have been reflected as an explicit reduction to the gross investment return. Taxation cost has been allowed based on the Company's interpretation of the current regulations on taxation applicable to the business.

COST OF RESIDUAL NON-HEDGEABLE RISK (CRNHR)

The CRNHR is an allowance for risks to shareholder value to the extent that these are not already allowed for in the TVFOG or the PVFP.

In particular it makes allowance for:

- Asymmetries in the impact of the risks to shareholder value; and
- Risks that are not allowed for in TVFOG or PVFP

CRNHR is determined using cost of capital approach. It is the present value of the cost of capital charge levied on the projected capital. The annual charge applied to the capital required is 3% p.a.

TIME VALUE OF FINANCIAL OPTIONS AND GUARANTEE (TVFOG)

This represents any material additional cost to shareholder that may arise from embedded financial options and guarantees. A stochastic method is adopted with methods and assumptions consistent with underlying embedded value, using economic assumptions such that they are valued in line with price of similar cash flows that are traded in the capital market. The TVFOG has been calculated for all material lines of business.

ASSUMPTIONS FOR THE CALCULATION OF IEV

Economic assumptions

IEV is calculated using reference rates which are a proxy for risk free rate. The reference rates are derived from observed prices of Indian government securities. Both the future earning rate and discount rate is set equal to the reference rate.

New business profitability was based on opening yield curve till the valuation date. After the valuation date, it was assumed that the closing yield curve is applicable.

The reference rate assumed is set out in the table below.

Tenor (years)	Reference Rates	
	March 31, 2014	March 31, 2015
1	8.89%	8.28%
3	9.03%	8.16%
5	9.35%	8.13%
7	9.57%	8.12%
10	9.76%	8.11%

Non economic assumptions

The non-economic assumptions of mortality, morbidity and persistency are set based on the company's own experience.

Expense assumptions are based on an analysis of the Company's actual expenses for the period April 1, 2014 to March 31, 2015. These expenses were analysed between those relating to the acquisition of new business, the renewal and maintenance of business and investment expenses. Commission rates under different products are based on the actual commission payable (if any) to the distributors.

Bonus assumptions under participating business is set in accordance with the bonus philosophy of the company. Where material, reinsurance is allowed for explicitly in NBP and VIF calculation. Taxation, both corporate and service tax, have been allowed in the calculation of EV.
